Amrit Singh

ABOUT ME

Procurement Officer with 10+ years in policy development, compliance, and supplier management. Skilled in contract management, market research, and strategic sourcing. Focused on quality, cost efficiency, and innovation.

WORK EXPERIENCE

Procurement Officer

Power Solution Steel Industry, KSA.

July 2024 – Present

- Identifying Procurement Needs:** Collaborate with internal departments, analyze inventory levels, and anticipate future procurement needs.
- Vendor Sourcing & Evaluation:** Identify reliable suppliers, obtain competitive quotations, negotiate terms, and evaluate supplier performance.
- Purchase Order Processing:** Receive purchase requisitions, prepare and issue purchase orders, and confirm orders with suppliers.
- Procurement Contract Management:** Draft and manage contracts, ensure compliance, and monitor contract renewals and modifications.
- Logistics & Delivery Coordination:** Coordinate with suppliers and logistics teams for timely delivery, track shipments, and handle customs clearance if applicable.

Procurement Officer

Engie Solution, KSA.

Feb 2023 - Dec 2023

- Procurement Processes:** Managed sourcing, negotiations, and vendor management, ensuring compliance with regulations.
- Strategic Planning:** Developed cost-effective procurement strategies aligned with organizational goals and market analysis.
- Supplier Relationships:** Built and maintained strategic supplier relationships to enhance quality, cost efficiency, and delivery timelines.
- Contract Management:** Managed RFQs/RFPs, negotiated contracts, and ensured performance monitoring.
- Team Collaboration:** Collaborated with teams to forecast needs, align strategies, and ensure timely project delivery.

Procurement Manager

Jindal Udyog Ltd, IND.

Jan 2018 - Dec 2022

- Procurement Operations:** Led procurement operations, including sourcing, negotiations, and vendor management within the UPVC, ALUMINUM, STEEL, MEP, and EPC industries. Managed RFQs, contracts, and performance monitoring for timely project delivery.
- Strategic Development:** Developed cost-saving strategies and ensured compliance with policies and regulations. Supported planning, budgeting, and spend analysis to align with organizational goals.
- Supplier Management:** Built strong supplier relationships to enhance quality and optimize costs. Conducted market research to identify opportunities and drive procurement efficiency.

Procurement Manager

Al-Jabri Group, KSA.

Feb 2016 - Nov 2017

- Supplier Relationship Management:** Built and managed supplier relationships, driving cost-effective contract negotiations.
- Vendor Selection:** Identified and qualified vendors based on their capability, reliability, and cost-effectiveness.
- Inventory Management:** Monitored inventory levels to ensure timely replenishment and avoid stockouts or overstock situations.
- Risk Management:** Assessed potential risks in the supply chain and implemented mitigation strategies.
- Logistics Coordination:** Coordinated logistics activities to ensure timely and efficient delivery of goods. Managed transportation schedules and carrier relationships to optimize shipping costs and transit times.
- Warehouse Operations:** Oversaw warehouse operations, ensuring efficient storage, handling, and distribution of goods. Implemented best practices in warehouse management to enhance productivity and reduce operational costs.

Procurement Executive

Saad Specialist Hospital, KSA.

Jun 2013 - Oct 2015

- Supplier Relationship Management:** Develop and maintain strong relationships with key suppliers, addressing any issues and fostering long-term partnerships.
- Market Analysis:** Conduct regular market analysis to stay informed about industry trends, price fluctuations, and new suppliers, ensuring competitive procurement strategies.
- Inventory Management:** Monitor inventory levels, ensuring optimal stock levels are maintained to prevent shortages or overstock situations.
- Compliance & Documentation:** Ensure all procurement activities are in compliance with internal policies and legal regulations, maintaining accurate records and documentation for audits.
- Continuous Improvement:** Identify and implement process improvements to enhance procurement efficiency, reduce costs, and streamline operations.
