Bachelor of Dental Surgery, University of Health Sciences, Pak	2007

WORK EXPERIENCE:

Munir Dental Aesthetics Lahore, PAK

- Consultant Orthodontist** FEB 2020 – Present
- Working as consultant orthodontist on virtual and practical basis rendering my services in individualized orthodontic diagnosis, treatment planning and monitoring treatment progress throughout the treatment duration.
 - Handling all kinds of complicated orthodontic cases including usage of growth modification appliances, handling impacted teeth, orthodontic camouflage and using various orthodontic appliance prescriptions

Children's Hospital and Institute of Child Health Lahore, PAK

- Post Graduate Trainee** JUL 2009 – JUL 2013
- Undertook 45 Orthodontic patients with diverse Orthodontic Malocclusions, later these cases were presented at MOrth exam
 - Enhanced my learning and skills by undertaking stepwise procedures preceding orthodontic treatment including Medical /Dental history, Clinical Examination, Extraoral and intra oral photography, radiographic evaluation including Cephalometric tracings, Orthodontic Impression taking and Cast analysis as patients' records and achieving definitive diagnosis followed by treatment planning based on individual patients need.
 - Presented Thesis /Dissertation "Comparison of Shear bond strength of Ceramic brackets bonded to enamel prepared with Conventional Acid etching and Self etching Primer bonding systems".
 - Detailed Monthly follow-up visits of Orthodontic patients after Orthodontic appliance insertion.
- Extended Orthodontic Training** APR 2014 – JUN 2018
- Undertook complicated and diverse Orthodontic cases to increase my Orthodontic knowledge and clinical skill and proficiency.

Rehman and Rehman Dental Surgeons Lahore, PK

- Dental Practitioner** JUN 2008 – JUN 2009
- Worked as a Dental practitioner and Orthodontic observer associated with Orthodontic Professors leading to Increased knowledge and better clinical command in the field of Orthodontics.
 - I attended patients with Complex orthodontic malocclusions and treated them efficiently under supervision.

Punjab Dental Hospital Lahore, PK

- House officer** NOV 2007 – OCT 2008
- Successfully completed tenure of 1 year comprising of rotations in all the departments of dentistry including Periodontology, Prosthodontics, Oral and Maxillofacial Surgery, Orthodontics, Endodontics and Paedodontics.
 - I handled major patient flow, this exposure helped me enhance my clinical experience

WORKSHOPS AND TRAININGS:

Polished my skills and enhanced my learning by attending workshops as follows:
