
Blessing Fortune Mbusi Ntshangase

406 Valhaven, 80 Cromwell Road, Durban, 4001
ntshangase198@gmail.com | 0719005188/0721021933 | DoB: 10/12/78

Hard worker with 12 years of experience in industrial operations, I excel in plant operation, monitoring, and optimization. Skilled in operating plant equipment, meeting production targets, and optimizing processes. Expertise in safety protocols, log writing, troubleshooting, and abnormal emergencies prevention. Proficient in communication, collaboration, and leadership.

Professional Experience

Saudi Aramco (Jizan Refinery) **Senior Field Operator**

10/17 - 05/19

NHT, ISOM, CCR/ Reformer and PSA units

- Ensure safety regulations in my area of responsibility
- Manage pre-commissioning activities executed in self performance and executed by sub-contractors
- Ensure proper resources (personnel, equipment, consumables, temporary facilities) are mobilised and deployed for the timely execution of all pre-commissioning activities
- Use all site electronic information systems
- Training junior operators, commissioning of events, to produce team lead and on coming shift personnel for shift handling and handing over
- General house keeping, isolation and preparation of equipment for maintenance

Engen Oil (Durban) **Process Control Technician (PCT)**

02/17 - 10/17

Alkylolation, Isomerisation, merox, kerosene, hydrotreaters, solvents and cooling towers

- Monitor plant operation on screen to closely identify abnormal operations and equipment condition
- Troubleshooting and reporting electrical and mechanical equipment to minimise risk
- Identity and recommend changes to improve plant reliability, performance, and output
- Direct and radio communication between different operational units, also with support service
- Ensure compliance with safety legislation
- Communicate relevant information about the condition in the workplace, progress, potential problems, and events to workers in the next shift
- Managing and coaching junior operators.

Engen Oil Refinery (Durban) **Plant Technician/Operator**

02/07 - 01/17

- Plant and equipment operations in line with GRS strategies - effective execution of operator rounds and corrective actions
- Ensuring we meet production targets
- Operate plant equipment within specific envelopes
- Optimising of process and equipment
- Taking, testing, and interpretation of samples

Education

Umfolozi FET (Richtek Campus) Electrical Engineering Certificate - N4

07/98

- Electrotechnics
- Maths
- Industrial electronics
- Digital electronics

Tisand Technical High School Matric

01/96 - 12/96

- Electrician works
- Technical drawing
- Physical sciences
- Mathematics
- Isizulu
- English

Competencies

- Computer literacy
- Analytical skills
- Leadership and shift control
- Problem Solving

Key Skills

- Detailed knowledge of plant modification and impact
- Plant and equipment operation in line with GRS strategies
- Contribution to meeting production targets
- Optimising process and equipment
- Plant troubleshooting
- Digital control system
- Prevention of abnormal emergencies
- Interfacing with other departments
