Professional Summary

- I am an adaptable, diligent, enthusiastic and self-motivated individual with experience of implementing personal support which focus on the individual's needs, welfare, wants and interests. I am also a hardworking professional health care worker with a genuine interest and enthusiasm for helping and looking after people both old and young. Having ample experience in maintaining a healthy and safe environment making sure that resources are utilized effectively and according to practice guidelines. Possessing an impressive track record in helping to promote the physical and personal independence of clients. Highly motivated and currently seeking suitable childcare, Frail and support role. I am keen to work in a position with a caring organisation where I would continue to develop myself, grow and increase my work experience at the same time help people. I also have experience in working with learners with Special Needs ranging from Autism, ADHD, and Physical disabilities and intermediate phase classes specialising in English language.

Objective

I seek challenging opportunities where I can fully use my skills for the success of the organization.
