

KAMRAN

INDUSTRIAL ENGINEER | COMMUNICATION & MONITORING SPECIALIST

+966581929203 | kamrangulbohio2015@gmail.com | Iqama Status: Valid and Transferable | Address: Riyadh Saudi Arabia

PROFESSIONAL SUMMARY

Certified and results-driven Industrial Engineering professional with over 14 years of diverse experience in communication, monitoring & evaluation, social mobilization, and operations management. Proven track record of delivering impactful communication strategies and managing large-scale field operations in nonprofit organizations, government initiatives, the manufacturing sector, aviation, and the insurance industry. Known for leadership, strategic planning, stakeholder coordination, and data-driven decision-making. Entrepreneurial experience adds a practical business perspective.

PROFESSIONAL EXPERIENCE

COMMUNICATION & BLOCK OFFICER

Apr2010-May2021

MICROMERGER (PVT) LTD

JOB RESPONSIBILITIES

- Developed and implemented effective communication strategies to engage communities and drive awareness regarding project objectives.
- Coordinated closely with district and provincial departments to ensure seamless implementation of field operations and alignment with government health initiatives.
- Supervised field teams, monitored communication activities, and ensured compliance with established plans and protocols.
- Prepared daily, weekly, and monthly reports, presenting achievements, field observations, and forward strategies to management and stakeholders.
- Conducted regular reviews and updated SOPs to improve operational efficiency and build the capacity of frontline staff.
- Led the monitoring and reporting on the movement patterns of high-risk populations to ensure their inclusion in service delivery.
- Oversaw the quality and effectiveness of social mobilization efforts, ensuring maximum outreach and community participation.
- Addressed communication-related challenges and bottlenecks, proposing actionable solutions and improvements.
- Managed data collection processes, ensuring accuracy, timeliness, and integration into centralized reporting systems.
- Fostered strong relationships with local government officials, partners, and community influencers to drive program success.

MONITORING & REPORTING OFFICER

Jan2019-May2022

TAMEER-E-KHALAQ FOUNDATION

JOB RESPONSIBILITIES

- Monitored the implementation of the Expanded Program on Immunization (EPI) in both fixed and outreach sites to ensure quality, accuracy, and effectiveness.
- Conducted field visits to verify adherence to immunization protocols, cold chain maintenance, and vaccine availability.
- Collected, compiled, and analyzed data to evaluate program performance, identify gaps, and formulate actionable recommendations.
- Collaborated with health workers, caregivers, and community leaders to promote trust and awareness about immunization services.
- Delivered on-site and classroom training sessions to vaccinators, improving their technical knowledge and communication skills.
- Provided technical support in organizing outreach activities, leveraging community influencers and stakeholders for broader reach.
- Maintained comprehensive reports, including dashboards and visual presentations, to support program planning and decision-making.
- Coordinated regularly with local and provincial departments to align reporting and resource deployment with national targets.
- Ensured documentation of best practices and lessons learned for continuous program improvement.

UNION COUNCIL POLIO OFFICER (UCPO)

Mar2013-Dec2018

WORLD HEALTH ORGANIZATION (WHO)

JOB RESPONSIBILITIES

- Directed and monitored all polio eradication activities within assigned Union Councils, ensuring 100% target achievement in campaigns.
- Developed microplans, managed field logistics, and oversaw team deployment for door-to-door immunization drives.

- Conducted rigorous supervision of frontline health workers, evaluated their performance, and facilitated capacity-building sessions.
- Coordinated with health departments, law enforcement, and community leaders to ensure secure and efficient campaign execution.
- Identified and addressed operational challenges, such as missed children, refusals, or logistical breakdowns, in real time.
- Tracked the movement of nomadic and high-risk populations, updating strategies to include them in the immunization net.
- Produced detailed daily, weekly, and campaign-end reports, incorporating data trends, performance insights, and recommendations.
- Managed crisis communication and incident reporting, ensuring rapid escalation and resolution of critical field issues.
- Ensured adherence to WHO standards and guidelines, promoting quality service delivery and reporting integrity.

SOCIAL MOBILIZER

Jun2012-Feb2013

CHIP TRAINING & CONSULTING (CTC)

JOB RESPONSIBILITIES

- Led social mobilization campaigns within designated Union Councils to promote immunization and health awareness.
- Engaged directly with community leaders, influencers, and families to build trust and resolve vaccine hesitancy issues.
- Provided training and mentoring to frontline workers to enhance communication techniques and public interaction.
- Supported field teams in daily implementation, ensuring alignment with campaign microplans and government goals.
- Collected feedback from community engagements to refine messaging and mobilization strategies.
- Reported regularly on progress, challenges, and recommendations for improved outreach.
- Maintained strong coordination with district-level partners and contributed to strategy planning for broader public health initiatives.

FINANCIAL CONSULTANT

Jan2010-May2012

NEW JUBILEE LIFE INSURANCE, ALICO, EFU LIFE INSURANCE

JOB RESPONSIBILITIES

- Delivered tailored financial solutions to clients, guiding them through life insurance and investment options.
- Conducted daily planning and executed strategic sales meetings with new and existing clients.
- Met and exceeded sales targets consistently, contributing to branch-level performance recognition.
- Built long-term relationships with clients by providing continuous support and policy updates.
- Maintained accurate documentation of client interactions, needs analysis, and policy agreements.
- Collaborated with team members to drive group sales performance and share best practices.

EDUCATION

Bachelor in Industrial Engineering & Management – *Mehran University of Engineering & Technology Jamshoro, Pakistan*
