Oct 2017 – Present

Responsibilities

- Financial Record Keeping: Maintain accurate financial records, including ledgers, journals, and financial statements, to ensure compliance with accounting standards and regulations. Budget Preparation: Assist in preparing annual budgets and forecasts, monitoring expenditures, and providing insights to help guide financial decisions. Accounts Payable and Receivable: Manage accounts payable and receivable processes, ensuring timely and accurate processing of invoices and payments. Financial Reporting: Prepare regular financial reports, including balance sheets, income statements, and cash flow statements, to provide insights into the organization's financial health. Tax Compliance: Ensure compliance with tax laws and regulations, preparing and filing tax returns accurately and on time while advising on tax planning strategies. Auditing Support: Assist with internal and external audits by providing necessary documentation, explanations, and support to auditors to ensure a smooth audit process. Financial Analysis: Analyze financial data to identify trends, variances,
- and opportunities for cost savings, presenting findings and recommendations to management. Software Utilization: Utilize accounting software and tools (e.g., QuickBooks, SAP) to streamline accounting processes, maintain data accuracy, and enhance reporting capabilities. Collaboration: Work closely with other departments, providing financial insights and support to facilitate effective decision-making and strategy implementation.
