

Varsha Sodhani**Manager, ADNOC**

Mob: +971562906706 | email: varsharathisodhani@gmail.com

Summary of experience

Currently employed by ADNOC working as a Change Manager for a large HR transformation in their Total Rewards space for the last 2 years. Driving change across all their 17 group companies. This aim is to streamline their process and create a competitive sector-led Total Reward Strategy and implement the same across the organization.

Prior to this worked with Accenture for 17 years in the Human Resources (HR) team in various roles spanning across Ventures & Acquisitions, Client Account HR, HR Business Partner, Talent Supply Chain as a Resource Pool Supply Demand Lead, Client Supply Demand Specialist, Talent Fulfilment Specialist, Recruitment, driving employee engagement, performance management, designing & deployment of HR processes such as the Background Check Process and Competency Assessment, Exit Process, Absenteeism/ Leave Management Process and Mobility Process.

All these roles have provided me with a high level of exposure to both business and employee challenges in the Technology & Consulting industry and have also provided opportunities to design and streamline systems and processes in order to meet business requirements.

I am a Culture Coach, approved faculty for many training courses around being Truly Human, wellbeing, how to be a good Leader, etc.

Key Skills: HR Transformation, Talent & Organisation, Stakeholder Management, Project Management, HR Process Optimization, Performance Management, Change management, Organisation Design & mgt., Learning & Development

Experience**ADNOC HQ (Abu Dhabi, UAE)****Aug '23 – Till date**

Established in 1971, the Abu Dhabi National Oil Company (ADNOC) is one of the world's leading energy producers. Over 50 year history, ADNOC has steadily diversified and expanded its operations, comprising 18 companies and subsidiaries to create an integrated oil and gas company spanning exploration and production, refining, petrochemicals and distribution.

Role: Change Lead for Total Rewards Transformation

ADNOC has streamlined the Total Rewards for all the group companies. I was project managing and responsible for the Change & Communication for implementing the new Total Reward philosophy which is sector led and competitive making ADNOC an employer of choice in the region. This is a large transformation for the organization. My role was to enable change for this project along with project managing this transformation. I worked with different service providers and different teams within Human Capital & other stakeholders at ADNOC to smoothly make the change possible.

Accenture (Australia)**Jul '12 – Aug '23**

Accenture is a global management consulting, technology services and outsourcing company, with approximately 774,000 people serving clients in more than 120 countries. Combining unparalleled experience, comprehensive capabilities across all industries and business functions, and extensive research on the world's most successful companies, Accenture collaborates with clients to help them become high-performance businesses and governments.

Assignment 1 – Ventures & Acquisition (V&A) Client Account HR Lead (CAHRL) (Oct '21 to Aug'23)**Role: V&A CAHRL for Creative Agency Acquisition in Malaysia (Entropy)**

Provide HR leadership throughout the integration journey, typically beginning with Go Live. Partnering with business and HR leadership, collaborating across Accenture, to customize and deliver a strategic talent agenda to support business objectives and integrate the acquired population.

Role responsibilities

- Establish as primary HR point of contact to address post-Go Live acquisition specific employee questions, coordinating with HR Partner for BAU employee questions and using Accenture self-service model
- Receive & sign off handover from HR V&A
- Plan and conduct customized training not covered in NJO
- Define and implement strategies to support the key business imperatives, i.e. high engagement, key retention, headcount growth, through proactive analysis and planning
- Work with acquired Leadership/HR Partner and the Business Sponsor on implementation of engagement programs and Talent Strategy
- Engage with acquired HR, internal HR teams and CoEs
- Ensure introduction and swift navigation through the complexity of Accenture
- Own total rewards and terms and conditions of harmonization journey to realize full solution if non-standard; manage all acquisition specific rewards programs, i.e. P&R, Earn Out, Holdback
- Help identify acquisition pain points, develop solutions and execute

- Update leadership and provide strategic input and guidance to sponsoring HR team
- Conduct Talent Lookbacks

Assignment 2 – Client Account HR Lead (Aug '17 to Aug '21)

Role: Client Account HR Lead for a Global Telecommunication Client (Telstra) from Nov '19 to date

Role: Client Account HR Lead for a Global Mining client (Rio Tinto) from Aug '17 to Oct '19

This role reports into the Global Client Account HR Team which supports 100+ Diamond Clients. CAHRL Lead is accountable to: 1) Client Account Lead (CAL) and works in sync with the GU DTE/CSG HRBP. 2) ANZ HRBP Lead to ensure programs initiated at the Account support overall GU talent imperatives.

Role responsibilities

- Understand Account level business & people drivers; use insights to develop meaningful talent imperatives with measurable outcomes.
- Ensure alignment of imperatives with DTE/CSG talent strategies and sharing of best practices across ANZ GU.
- Develop expertise on Account business and people complexities.
- Serve as primary HR contact to Account Leads & manage people activities/escalations across all DTE/CSGs, locations.
- Partner with HRBPs, Talent Strategists, Total Rewards, ER

Key Achievements -

1. I defined and implement people strategies that align with the DTEs/CSGs strategic vision, the Account objectives and the Client business priorities. Created a people first culture into account. Created a Live Learn Lead program
2. I partnered with the Account Lead and Commercial Office to align talent priorities with the business strategy. (Talent plans for the Accounts should align to the predominant DTE Talent Strategy)
3. I brought global CAHRL best practices into the accounts to impact talent priority metrics. Talent priorities such as I&D, employee engagement, retention and performance achievement. I'm a vocal leader on the ANZ HR leadership team and share account initiatives at the ANZ GU level. Launched Leadership DNA for all the leads on the account globally. Conducted session personally across ANZ & India.
4. Responded to Account specific challenges and provide insights (internal & external) and co-create new solutions with leadership and people. I exhibited bias for action and solve for emergency issues when they arise & create trust amongst leadership team. Measure success via engagement (e.g. Q12 and/or HCA and attrition metrics)

Assignment 3 – HR Business Partner (Jan '17 – Jul '17)

Role: HR Business Partner for Cloud First Applications in ANZ, HR advisor for Associate Academy, GCP HR Lead for ANZ & Responsible for ANZ Technology Analytics

This role had 4 dimensions to it.

- HR Business Partner for Cloud First in ANZ – I collaborate with CF HR Globally and locally to ensure we have a consist approach for all people matters. Smooth integrate all new acquisition within CF like Sherpas, DayNine, etc. I understand local leadership requirements and ensure we are supporting them to achieve their business goals.
- HR advisor for Associate Academy – The is a new DTE that I created as of 1st Dec 2016. I'm currently shaping the DTE as it is completely new landscape for ANZ Technology. Right from recruitment, career progression, compensation & learning & development.
- GCP HR Lead – As part of this role, I have project managed GCP localization for about 90+ people across ANZ technology. It was a massive effort for 5 months concluding in May '17. I handle all HR processes for them from a ANZ perspective.
- ANZ Technology Analytics – I support the ANZ Technology HR lead with any analytics and projects that he would like support on to manage across ANZ. For example , assisting with Mid year promotion, Tech Careers roll-out, Compensation, etc.

Assignment 4 – Field HR (Mar '16 – Dec '16)

Role: Process Efficiency & Project Management

HR Advisor for Resources CSG, Process Improvements and also 2IC for HR Business Partner for ANZ Technology

Over the last few months I have documented and made process improvements to different HR processes like

- Transfer process,
- Managed Attrition tracking & streamlining across ANZ to have effective Payroll cost savings.
- Part of the team building the Comp strategy for Technology employees
- Leading Tech Careers 2.0 effort in Accenture Australia. Streamlining Career Counselor mapping process, create role mapping for all employees, skill classification, etc.
- Worked as an HR advisor for Resources CSG for 10 weeks.

Assignment 5 – Resource Pool Supply Demand Lead (Jun '14 – Feb '16)

Role: RPSDS for FS & PRD; Career Level: Associate Manager

Supply Demand lead for Financial Services & Products.

Identify key talent needs to execute business strategy and develop plans to proactively address the needs of the customer. Match supply to the demand, close roles, manage scheduling issues & execute sourcing strategy across one or more channels to optimize resource plans considering cost & availability of resources. Develop & execute the strategy for alumni rehiring, referrals, campus hiring & internship, social media marketing, talent community and employer branding and implement best practices.

Responsibilities of the role:

- Enhance Resource Pool SD management and/or scheduling processes by developing/recommending process changes first within local teams, and then more broadly.
- Work closely with CSG Leadership and HR counterparts to ensure that Resource Pool meets its chargeability and overdue demand target by accurately forecasting Res Pool Demand, adjusting supply to meet that demand, and taking immediate actions in response to unexpected events/issue raised.
- Ensure supply & demand is accurate in myScheduling, recruitment orders are validated with correct Career track, start month etc. Ensure WB sign off and chargeability forecast review with leadership on a monthly basis

Key Achievements:

- Chargeability Review report – Created a new report to standardize the chargeability review process. The report now provides details of all the individual who missed their target and the reasons for the same. Also diagnoses the reasoning behind the results (highlights the outliers). Based on this report now we are able to build in a better forecasting.
- Built strong relations with FS leadership and have been involved in the strengthening the Practice area framework.

Assignment 6 – Client Demand Lead (Sep '13 – Jun '14)

Role: Client Supply Demand Specialist; Career Level: Associate Manager

The point of contact for all H&PS Clients across ANZ (~21 clients, including 4 diamond clients) overseeing the fulfillment of demand, collaborating with Talent Fulfillment Practitioners, Resource Pool Supply Demand Practitioners, and others to deliver people to the client team. Ensure role information is properly logged, and that candidates are promptly proposed to and evaluated for those roles.

Also design, build and communicate HR programs, processes, practices, roles and technology requirements that improve the scheduling and/or client supply/demand management processes, to deliver on a HR strategy.

Responsibilities of the role:

- Create & Optimize Project Resource Plans
- Proactively work with client teams to understand their pipeline of demand by attending NBM, reviewing pipeline reports, client planning meetings, discussions with project executives, SAP OM, etc. Use the information to give advice to solution architect or delivery leads regarding possible resourcing issues.
- Create sourcing plans for critical ramp ups to ensure Resource Pool, business leaders and project team are all on same page with resource delivery expectations. Look at all sourcing options for roles including internal, recruiting, GCP, IQN, etc. Bring all possibilities to the table.
- Partner with project and facilitate Performance Mgt process for H&PS for all 21 clients both at the project level and the DTE level.

Key Achievements

- Streamlined processes for H&PS. Set-up regular demand update for all the diamond clients
- Effectively managed the changing business circumstances with multiple projects coming to end and ramping back in within a short period of time.

Assignment 7 – Staffing Operations (Jun '12 – Aug '13)

Role: Talent Fulfillment Specialist; Career Level: Specialist

Acting as the focal contact for all supply/demand related processes for the Australian business, specifically Solutions Workforce. The role works closely with the Deployed to Entity Lead to fulfill demand for the Australian business, specifically Solutions Workforce. This role also requires working closely with the Australian Demand Management Specialist and/or Lead and TFS team to assess and action current and future supply/demand requirements. This role is also expected to partner with Solutions Human Resources Lead to address employee engagement related matter. I support a group of 300-330 headcount.

Responsibilities of the role:

- Responsible for all scheduling deliverables Availability Report; Chargeability Report; and ensure data integrity and structure accuracy
- Responsible for resolving staffing related matter (managing escalations and conflicts, chargeability, etc)
- Pro-actively recommend and position candidates to potential projects and ensuring good close off from both supply/demand front
- Pro-actively engage and stay informed of all current and future scheduling directions
- Accountable for Solutions Chargeability metrics and work with Deployed to Entity Lead to drive chargeability for Consulting Workforce

Key achievements:

- Proactively managed Performance Management process for entire Resources and received an appreciation from business for the same.
- Chargeability targets are well met through the year consistently. This is due to continuous focus on driving bench numbers to be in the range of 8-10% most of the time.

Accenture Services Pvt. Ltd. (India)

Sept '06 – Jul '12

Assignment 8 - HR Analytics (Jun '11 – Jun '12)

Career Level: Senior Analyst

Worked on Level 4 process areas like Quantitative Performance Management / Organisation Capability Management for PCMM Certification for Accenture. To achieve the Predictable Level, Maturity Level 4, the organisation quantifies and manages the capability of its workforce and their competency-based processes, in addition to exploiting the opportunities afforded by defined workforce competencies. The organisation creates a culture of measurement and exploits shared experience.

Responsibilities of the role:

- Interact with all process owners in HR to understand their business objectives
- Articulate their measures of success, service level agreements and operation level agreement
- Identify the business metrics which require any improvement. Based on historic data use statistical tool to area at solutions
- Implement the solution & measure effectiveness
- Monitor performance of the baselines

Key achievements:

- I have received 2 awards for the work done in 2 spot checks for the PCMM appraisal.
- Have been able to plan, design and deploy a predictive model on attrition.

Assignment 9 – Audits & Process Compliance (Jan '11 – Jun '11) Career

Level: Senior Analyst

Working in the central HR Team to manage compliance of HR Processes to client contractual requirements and certification standards and manage process to recover all dues from exiting employees.

Key responsibilities included:

- Frontend client/certification audits for HR Processes: Front end audit of Accenture HR Processes by agencies representing clients or for organisation certifications such as ISO27001 and SAS70.
- Design and enhancement of HR Processes: Design new processes or enhance the current HR Processes to ensure effective support to the business and constant development of the same.
- Manage compliance to HR Processes through regular training of HR Representatives and monitoring effectiveness of implementation of processes. Ensure the HR team executes processes effectively and remains compliant to regulatory standards and defined metrics for the HR Processes.
- Manage compliance to client contractual requirements and certification standards.

Key Achievements:

- Designed automation of HR Process using Accenture systems.
- Enhanced several HR Processes to address organisational needs.

Assignment 10 – Competency Assessment Program Manager (Jan '10 – Dec '10) Career

Level: Senior Analyst

Competency assessment is a flagship program of Accenture where we measure the competency of individual on multiple dimensions like technical, industry and leadership skills.

Key responsibility included:

- Stakeholder Management - coordinating with multiple team like Capability team, the CIO Team, HR Representatives and Support functions.
- Assessment Target - Since this is a mandatory program, the assessment completion was always targeted around 98%+. Ensuring rigor while the program was on and completing as per timelines and target was always monitored.
- Process Check - Ensuring the process quality doesn't get impacted while completing the process.
- Documentation - Created documents for sustenance like Statement of purpose (SOP), Knowledge Transfer
- (KT) document, Reference templates, training material, etc.

Key achievements:

- Completed 80000 competency assessments for 47000 employees in a span of 2 months.
- Set-up a new process of interim assessment and changed the assessment frequency from half yearly to yearly. Created sustenance plan for the interim cycle.

Assignment 11 – HR Representative (Nov '08 – Dec '10) Career

Level: Senior Analyst

Managed employee life cycle and HR processes for 900+ employees across Bangalore, Mumbai, Chennai and Hyderabad.

Key responsibilities included:

- Retention Management, Employee Engagement, HR Service Delivery, Performance Management.

Key Achievements:

- Received reward of Panel Choice Award in 2010 for program managing the Performance Management process for 5000 employees.
- Started a toastmasters club for employees to help employees with their communication skills.

Assignment 12 – Recruitment (Sept '06 – Oct '08) Career Level:

Senior Assistant

- Processes - Part of the Recruitment Capability Team. Role comprised of Process and technology improvement, Metrics & Reporting - Building it on the system, training, conducting community meet on monthly basis, contribution to Global Newsletters/discussions, conducting surveys like Hiring manager survey and adhering to adhoc responsibilities.
- Tools - Internal candidate tracking tool (Abacus). Everything to do with Abacus improvements are routed through the Capabilities team. The first step is to get inputs, changes requests from all the user of Abacus. Prioritise the change requests, work with the technical team to make them understand the exact requirement, test the UAT, provide feedback, give pre- release training to all the relevant stakeholders and then answer adhoc queries of end users.

Key Achievements:

- Received a double promotion from Senior Assistant to Senior Analyst within 2 years (this usually takes about 3-5 years).
- Automated the entire recruitment process right from creating online assessment forms, online compensation calculation tool, interview bandwidth management tool and online document repository and online employees tracking mechanism.
- Created an online portal on Content Management for US employees.
- Created Process Documents & SOP for recruitment process and sub processes.

Skills

Non-Technical:

Project Management, Strong analytical skills, Problem solver, presentation skills, ability to build, and sustain collaborative relationships. Managing multiple tasks and competing/changing priorities

Technical:
