

Shafqat Hussain

Civil QC Inspector

(Aramco Approved)

Email: Shafqath181@gmail.com

Passport: **NR6918261**

Contact: **+966 500688649**

Address: **Al Jubail, KSA**

Iqama Status: **Transferable**

Objective

Seeking an opportunity to work in a challenging organization, where my technical and professional expertise could be utilized to achieve the objective of the organization & ultimately provide continuous learning on account of my personal growth.

Profile Summary

Being a Civil Engineer, I have more than 5 years of experience in various well reputed construction organizations as a responsible Civil QC Inspector. My experience includes: controlling the quality of work as per specifications, finalizing site works related issues, supervising and monitoring different construction projects such as grouting, cast in place and precast concrete buildings and housing projects

Professional Experience

Experience Summary

Position	Company	Project	Client	Month/Year From - To	Duration
QC Inspector (Civil)	Abdullah A Al Barak & Son Co	Jeddah Bulk Pant Restoration Division	Saudi Aramco	Sep-2023 to Dec-2024	1 Year & 3 Months

Detail Description

Project: North Jeddah Bulk Plant Restoration Project
Company: Al Barak & Sons.
Client: Saudi Aramco
Duration: Sep-2023 To Dec-2024
Position Held: QC Inspector Civil

Responsibilities

- ❖ Inspection of civil materials (cement, aggregates, rebars, etc.) and equipment on-site for quality, quantity, and compliance with project specifications and Aramco standards.
- ❖ Monitored storage, handling, and usage of civil materials to ensure conformity with approved procedures and specifications.
- ❖ Conducted **Hold**, **Witness**, and **Surveillance** inspections as per Saudi Aramco Inspection Requirements and project ITPs.
- ❖ Represented the QC department in meetings with SAPID and other stakeholders to address quality-related issues and ensure alignment with Aramco standards.
- ❖ Ensured compliance with Saudi Aramco civil engineering standards (SAES-Q-001, SAEP, SAIC and SATIP) throughout all construction activities.
- ❖ Inspected formwork, rebar installation, embedment, and concrete placement to ensure conformity with approved IFC drawings and specifications.
- ❖ Monitored field activities such as earthworks, compaction, concrete pouring, curing, asphalt paving, and structural steel erection to ensure quality control.
- ❖ Investigated discrepancies and defects in civil works, analysing root causes and recommending corrective and preventive actions.
- ❖ Verified rebar sizes, spacing, laps, and cover as per approved drawings and project specifications before concrete placement.
- ❖ Inspected concrete batching, delivery, slump testing, temperature checks, and cube sampling in compliance with Aramco requirements.
- ❖ Performed post-concreting inspections for surface finish, curing methods, and dimensional accuracy.
- ❖ Reviewed and closed RFI after confirming inspection completion and test result compliance.
- ❖ Conducted site surveillance and random checks to ensure continuous quality and adherence to standards.
- ❖ Raised and closed proactive quality observations to address potential issues before escalation.
- ❖ Issued INCR for non-conforming civil works and followed up on corrective actions to ensure proper closure.
- ❖ Managed and resolved client-issued NCRs, ensuring implementation of corrective measures and documentation.

Project: Air Force Housing Project
Company: Beijing Construction Engineering Group
Client: GDMW
Duration: Aug-2021 To Jun-2023
Position Held: QC Inspector Civil
