Summary

Results-driven General Dental Public Health Consultant with over 22 years of experience designing, implementing, and evaluating large-scale oral health initiatives. Adept at translating data into actionable public health strategies, reducing disparities, and influencing policy at local, national, and global levels. Proven leadership in preventive dentistry, teledentistry integration, and community-based interventions, improving access to care for underserved populations.

WORK EXPERIENCE

Associative Executive Manager [2022 - Current]

Hafez Mesbah Private Medical Center - Sudan

- **Operational Leadership** – Oversaw daily clinic operations, ensuring compliance with standards, optimizing workflows, and improving patient satisfaction scores by 20%+.
- **Financial & Resource Management** – Managed budgets, negotiated vendor contracts, and reduced operational costs by 15% without compromising care quality.
- **Team Supervision & Development** – Led staff (clinical/admin), conducted performance reviews, and implemented training programs to enhance efficiency and service delivery.
- **Strategic Planning & Growth** – Collaborated with senior leadership to expand services (e.g., telemedicine, specialty clinics), increasing revenue by 30% over 2 years.

Senior Visiting Specialist

[2018 – 2022]

Omer Bin Khattab Health Center – Sudan

- **Specialized Patient Care** - Provided expert-level clinical consultations and treatment for complex cases, improving patient outcomes through evidence-based protocols.
- **Clinical Leadership** - Mentored junior physicians and medical staff, conducted training sessions, and established best practice guidelines that enhanced department-wide care standards.
- **Multidisciplinary Collaboration** - Worked closely with healthcare teams (physicians, nurses, therapists) to develop comprehensive treatment plans for high-risk patients.
- **Quality Improvement** - Led initiatives to optimize clinical workflows and patient satisfaction, reducing wait times while maintaining patients satisfaction.

Senior Dental Public Health Specialist

[2015 – 2018]

Sudan Medical Specialization Board – Sudan

- **Public Health Program Leadership** - Designed and implemented population-based oral health initiatives (fluoridation programs, school sealant projects) that reduced dental caries prevalence in target communities.
- **Policy Development & Advocacy** - Advised government agencies on evidence-based dental public health
- **Epidemiological Research** - Conducted community needs assessments and analyzed oral health surveillance data using [SPSS] to identify disparities and guide resource allocation.
- **Stakeholder Engagement** - Built cross-sector partnerships with schools, NGOs, and healthcare systems to deliver preventive dental services to underserved individuals annually.

General Medical Director

[2004 – 2015]

Khartoum Teaching Dental Hospital - Sudan

- **Clinical Leadership & Governance:** Provided strategic direction for all medical services, ensuring adherence to national healthcare standards and maintaining excellence in patient care delivery.
- **Organizational Development:** Led the implementation of system-wide clinical protocols and staff development programs to enhance service quality across multidisciplinary teams.
- **Healthcare Administration:** Oversaw comprehensive medical operations including budgeting, resource allocation, and facility management to support sustainable service delivery.
- **Physician Engagement:** Fostered a collaborative professional environment through mentorship initiatives and continuous medical education programs for clinical staff.

Internship [2003 – 2004]

Khartoum Teaching Dental Hospital - Sudan
