

TARIQ I. ALSOMALI

+966594084023 tariksomali@gmail.com. Madinah Munowarah / Khobar, KSA Nationality; Saudi Arabian

Professional Summary

Highly skilled and safety conscious motorman with 10+ experience in offshore drilling operations. Expertise in maintaining, troubleshooting, and repairing rig machinery. (engines, pumps, compressors, hydraulic systems) to ensure optimal drilling performance. Proven ability to work under high-pressure conditions while strictly adhering to HSE protocols.

Experience

MOTORMAN, BORR DRILLING; KHOBAR – 05/2023 - 05/2024

- Maintained and repaired drilling equipment, hydraulic systems, and auxiliary equipment reducing downtime through proactive maintenance.
- Conducted daily inspections of mud pumps, compressors, and power generation units.
- Worked closely with the Chief mechanic and electrician to troubleshoot complex mechanical failures reducing operational delays.

Implemented lock-out/ tag-out (LOTO) procedures during critical maintenance achieving zero safety incidents.

FLOORMAN, ARO; KHOBAR – 09/2021 - 05/2023

- Pipe-handling and connection expertise, safely and efficiently handling drill pipe, drill collars, casing and tubing using elevators, slips, tongs(manual, hydraulic, power) and spinning chains during tripping, drilling, and casing operations.
- Rig floor maintenance and housekeeping performing daily inspection, lubrication, and preventative maintenance on rig floor equipment (slips, tongs, elevators, mouse-holes, and BOP handling equipment) Ensuring rig floor cleanliness to prevent slips, trips, and dropped objects.

FIELD SERVICE TECHNICIAN, CAMERON ALRUSHAID; KHOBAR - 11/2020 - 04/02021

- Equipment installation and commissioning , performing on-site calibration, and testing of equipment, rigging up X-mas trees and running tubing hangar's

Maintenance and repairs conducting PM's and emergency repairs on valves and other Cameron equipment.

ROUSTABOUT-FLOORMAN-MOTORMAN, ENSCO; KHOBAR – 08/2014 - 05/2020

- As a roustabout I maintained a clean rig assisted the derrickman with mixing chemicals on-loading and off-loading tools, equipment, containers, pallets rigging and slinging using ARAMCO slings bundling pipe to assist drill crew with operations
- As a floorman I handled drill-pipe, drill-collars, tubing and casing during drilling operations, monitored shale-shakers, racked back and ran pipe during drilling operations while following safety procedures
- As a motorman I conducted daily inspections on rig equipment , checked radiators filling up fuel to engines as well as transferring fuel to cranes and 3rd party equipment, maintained HPU rig air compressors and mud-pumps.

Key Skills

- Equipment maintenance, On engines (3500C CAT), mud-pumps, centrifugal pumps, air compressors (QUINCY QSI-i Series), hydraulic systems, and power tongs.
- Technical troubleshooting, diagnostics, repairs, and preventative maintenance of mechanical systems.
- Safety and compliance, HSE standards (OSHA-IADC), permit to works systems, hazard identification (JSA), emergency response.

Operational support, pipe-handling, BOP maintenance, rigging-up/ rigging-down, drilling fluid systems support.

Certificates and Qualifications

- Rigging and lifting (IADC approved)-D804 (Certificate# IA5-14-0604)
- H2S & SCBA level 2 (Certificate# NEFT68755)
- First-Aid - CPR - AED Level 2 (Certificate# NEFT68719)
- Firefighting Level 2 (Certificate# NEFT68646)
- BOSIET (Certificate# 3420570024052386938)
- Authorized Gas Tester (IADC approved) (Certificate# G2015-846-DITEC605880)
- Burundi International Ship Registry book. (SIRB-T43400728)
- SIPP Training (Schlumberger Injury Prevention Program)
