

Naveed Anjam

MEDICAL LABORATORY TECHNICIAN,

SCFHS LICENSE

Contact No: 0506905397, naveedanjam483@gmail.com

Objective

Hardworking medical laboratory technician having 5 years of experience in molecular biology, microbiology, chemistry, immunology, clinical pathology, hematology, blood bank, serology testing. Skilled multitasker with excellent communication and problem-solving skills. A proven history of maintaining equipment and lab areas in alignment with regulatory guidelines.

Skills & abilities

- Laboratory Techniques
- Automated analyzer operation
- Data Analysis
- Quality Control ISO 15189
- Record Keeping
- Safety Protocols
- Instrumentation Proficiency

Professional Experience

1

- **Organization:** The Biogene lab & diagnostic center
- **Designation:** Medical laboratory technologist
- **Duration:** February 2020 to March 2022

2

- **Organization:** Etihad medical and diagnostic center
- **Designation:** Medical laboratory technologist
- **Duration:** April 2022 to May 2024

3

- **Organization:** Khyber teaching hospital Peshawar
- **Designation:** Medical laboratory technologist
- **Duration:** June 2016 to August 2016

4

- **Organization:** PCMS KMU Affiliated college of health sciences
- **Designation:** Lecturer
- **Duration:** May 2024 to April 2025

Job Responsibilities

- Followed safety protocol to maintain 100% safe and secure lab environment.
- Received and prepared specimens for testing, performed and observed chemistry, hematological, biochemical, blood bank, molecular biology, microbiology, immunology, clinical pathology and other requested tests on patients' specimens and correctly recorded the result.
- Performed comprehensive analysis for 300+ patient's samples daily.
- Collaborate with healthcare professionals to interpret test result and provide accurate and timely report
- Proficient in use laboratory information system (LIS) for data entry, retrieval and record keeping
- Documented all actions and took corrective measures when necessary.
- Actively participate in continues quality improvement
- Trained and supervised junior laboratory staff.
- Preparation of samples for molecular analysis
- RNA/DNA extraction, Amplification and Interpreted test information to resolve design related problems
- Such as HBV, HCV, HIV, COVID 19, MTB, HSV, CMV etc.
- Both conventional and real time PCR expertise
- Maintain record for Audit

Microbiology

- Samples inoculation, Media preparation, Gram staining, microscopy, biochemical testing and antibiotics susceptibility testing.

Immunology, Manual ELISA, Special hematology and chemistry

- Received and prepared specimens for testing, performed, observed and result interpretation.
- Stock and record management for Audit

□ Clinical Pathology

- Analysis of Urine, stool, semen sample interpretations and query solving
- Stock and record maintenance
- Conducted routine and specialized laboratory tests including but not limited to blood count urine analysis and coagulation studies.
- Operated and maintained laboratory equipment, ensuring accuracy and reliability for tests results.
- Participated in the development and implementation of new laboratory procedure
- Maintained inventory of laboratory supplies and order replenishments as needed.
- Successfully implemented a new laboratory protocol, resulting in a 20% increase in efficiency.
- Conducting a wide range of laboratory tests and experiments to support ongoing research projects.
- Delivered lectures across pathology subjects
- Prepared and delivered lectures on diverse topics related to biological sciences
- Maintained inventory of laboratory supplies and order replenishments as needed.
- Successfully implemented a new laboratory protocol, resulting in a 20% increase in efficiency.
- Conducting a wide range of laboratory tests and experiments to support ongoing research projects

Education

Hazara University MS medical laboratory science

2020

Major: Microbiology | Minor: Biochemistry, bacteriology

KUST University BS honor degree in medical laboratory science

2017

Major: Microbiology | Minor: clinical chemistry, Hematology

CERTIFICATION

- Good standing certification from medical laboratory technologist (microbiology) association Pakistan.
02-05-2024
- SCFHS CLASSIFICATION
Eligible profile No# 240013373847
Saudi Data flow:
Ref No: S003-2408-2067214
- Biosafety & environmental safety health diploma
03 Aug 2020
- Saudi commissions for health specialists license 14 November 2024
- Health, Safety & Environmental Engineering three-year diploma
(2021-2024)

Languages:

- Urdu (Native)
- English (Advance)
- Arabic (beginner)

Issue Date: 13/11/2024

Expiry Date: 14/11/2026

Profile Number: 24711365

Membership Status: Practicing

Naveed Anjam

Technician-Laboratory - Microbiology

Laboratories and Medical Technology

Nationality Pakistan

National/Iqama ID

Date of Birth 20/03/1995

Registration Record

Decision Date	Decision type	Qualification	Country	Awarding Date	Rank	Speciality	Sub Speciality
14/11/2024	Professional Classification	BACHELOR OF SCIENCE IN MICROBIOLOGY	Pakistan	25/09/2017	Technician	Laboratory - Microbiology
