SUMMARY

Technically skilled in electrical and computer technologies, with 5+ years of hands-on experience and multiple certifications in networking, CCTV, fiber optics, and app development. I am proficient in Microsoft Office and have a good understanding of networking, including IP addressing and router configuration (CCNA). My electrical background includes wiring, fault repair, and installation of switches and lights, supported by a 3-year DAE in Electrical. I also have experience in FTTH installation, router setup, and power meter testing. Additionally, I'm skilled in graphic design using Photoshop, Illustrator, and Canva, with freelance work on Fiverr, and have basic knowledge of Android app development and IT support.

EXPERIENCE

04/2024 - 05/2025

CCTV Installation

- Installed and configured over 50 CCTV cameras and 10+ DVR/NVR systems across residential and commercial sites.
- Performed system testing, troubleshooting, and maintenance.
- Ensured proper coverage and functionality of security systems.

05/2024 - 05/2025

Network Technician

Fiber to the Home (FTTH)

- Set up and maintained fiber-optic internet connections.
- Configured routers, switches, and ONTs.
- Diagnosed and resolved 80% of network issues within 24 hours, ensuring uninterrupted internet services.

03/2023 - 04/2024

Graphic Design

Fiverr

- Used Adobe Photoshop, Illustrator, and Figma.
- Created mobile app design, social media posts, and marketing materials.
- Delivered 30+ freelance projects with 100% client satisfaction.

01/2020 - 07/2023

Microsoft Office

- Proficient in Microsoft Office Suite (Word, Excel, PowerPoint, Outlook).
- Advanced Excel user: experienced in formulas, pivot tables, charts, and data analysis.
- Able to design professional presentations using MS PowerPoint

04/2017 - 08/2019

Building Electrician

- Installed complete electrical systems in 10+ homes and 5+ commercial shops.
- Repaired faults in lights, switches, and boards.
- Followed safety practices during all work.

SKILLS

- CCTV Installation
 - Network Technician
 - Optical Fiber Technician
 - Internet Installation Technician
 - Network Configuration
 - IT Technician
 - Building Electrician
- Mobile App Design
 - Graphic Design
 - UI/UX
 - Microsoft Office
 - Microsoft Excel
 - Microsoft Powerpoint
 - Microsoft Outlook
- Networking Protocols: TCP/IP, DNS, DHCP, VPN, LAN/WAN.
 - Network Configuration & Troubleshooting: Routing & Switching, VLANs, OSPF, BGP, EIGRP, Subnetting.
 - Cisco Devices: Routers, Layer 2/Layer 3 Switches, Wireless Access Points .

CERTIFICATES

- 12/2024 - 05/2025

CCNA Training

Institute of Professional Skills

 - Learned networking basics: IP addressing, subnetting, and protocols.
 - Understood LAN, WAN, and basic network security concepts.
 - Gained hands-on experience in network configuration and troubleshooting.
- 05/2024 - 05/2025

Optical Fiber

Airtouch ISP Chakdara

 - Worked on Fiber to the Home (FTTH) installation and maintenance.
 - Responsibilities included fiber splicing and ONT/router configuration, fault detection using a power meter and OTDR, and customer support.
- 04/2024 - 06/2024

Closed-Circuit Television (CCTV)

Institute of Professional Skills Chakdara

 - Trained in the installation, configuration, and maintenance of CCTV systems.
 - Gained practical skills in camera setup, DVR/NVR operation, cabling, and system troubleshooting.
- 03/2023 - 06/2023

Graphic Design

National Freelance Training Program (NFTP)

 - Educated in creating visual content using Adobe Photoshop, Illustrator, and Canva.
 - Gained skills in social media posts, flyers, and branding materials.
 - Focused on layout, color theory, and visual communication.
- 02/2022 - 02/2023

Android App Development

Code Solution Innovation Explored

 - Learned to build basic Android apps using Java and XML.
 - Gained skills in UI design, app functionality, and debugging using Android Studio.
- 09/2020 - 01/2021

Microsoft Office

Ministry of social welfare & women development

 - Completed training in Microsoft Office, including Word, Excel, and PowerPoint.
 - Gained practical skills in document formatting, data entry, spreadsheets, and presentations.
- 01/2018 - 07/2018

Building Electrician

Mora Vocational Training

 - Learned basic to advanced electrical wiring techniques.
 - Trained in the installation of lights, fans, switches, and circuit breakers.

EDUCATION

2017 - 2019	Degree of Associate Engineer (D.A.E) Technical Board Peshawar - Electrical Diploma - Completed 3-year Electrical diploma (DAE) with strong focus on wiring, circuits, and power systems. - Gained hands-on training in installation, troubleshooting, and maintenance. - Worked on practical projects.
10/2019 - 09/2023	Bachelor's Degree University of Malakand - Computer Science - Completed a 4-year B.S. degree in computer science with strong academic performance. - Designed and developed an Attendance Management System using Java, reducing manual work by 50% and tracking attendance for 100+ students. - Worked in teams to complete software development assignments and presentations.
01/2024 - 12/2024	Diploma in Optical Fiber Peshawar institute of Technical Education—Optical Fiber - Completed a 1-year diploma in optical fiber technology. - Learned fiber splicing, termination, and installation techniques. - Understood fiber network design, troubleshooting, and maintenance.
07/2020 - 07/2021	Diploma in information technology (D.I.T) Technical Board Peshawar - Field of Study (Information Technology) - Successfully completed a 1-year diploma in information technology. - Gained hands-on skills in MS Office, networking, and basic programming. - Learned fundamentals of hardware, software, and computer troubleshooting.
