

Aaron Noel

Well Site Supervisor | Drilling Operations | Oil & Gas Industry
Edmonton, Alberta, Canada
aaronnoel001@gmail.com | +1 780-977-4543

Professional Summary

Seasoned Drilling Supervisor with over 20 years of experience in onshore and offshore drilling operations, wellsite supervision, and safety management. Expertise in HPHT wells, directional and extended reach drilling, and well control. Adept at leading multi-disciplinary crews, ensuring regulatory compliance (QHSE, IWCF, CAODC), and optimizing operational efficiency. Recognized for zero reportable incidents and strong leadership in safety, training, and risk management. Seeking to leverage expertise in a dynamic drilling environment.

Key Skills & Expertise

- Wellsite Supervision & Drilling Operations
- HPHT & Extended Reach Drilling
- QHSE & Regulatory Compliance
- Well Control & Blowout Prevention (IWCF L4)
- Drilling Program Execution & Optimization
- Offshore & Onshore Wellsite Management
- Cost Control & Operational Efficiency
- Crew Leadership & Training

Work Experience

Wellsite Drilling Supervisor | Baytex Energy Ltd.

Calgary, Alberta, Canada | 2019 – Present

- Supervise drilling operations for onshore oil & gas wells, ensuring efficiency and safety compliance.
- Act as a liaison between headquarters, engineers, and third-party contractors.
- Ensure daily drilling activity reporting, cost tracking, and operational efficiency.

Wellsite Drilling Supervisor | Rhythm Engineering

Calgary, Alberta, Canada | 2013 – 2019

- Provided technical leadership in drilling operations, ensuring regulatory and HSE compliance.
- Optimized rig operations through efficiency-focused decision-making.

- Managed wellsite activities, reducing NPT (Non-Productive Time)

Senior Tool Pusher / Assistant Rig Superintendent | Velesto (UMW Offshore)

Kuala Lumpur, Malaysia | 2011 – 2013

- Supervised jack-up drilling rigs (NAGA 6 & NAGA 7) with a focus on safety and performance.
- Ensured compliance with government regulations and client standards.
- Led safety initiatives, achieving a zero-incident record.

Senior Tool Pusher / Assistant Rig Superintendent | ApexIndo Pratamina Offshore

Jakarta, Indonesia | 2008 – 2011

- Managed daily drilling rig operations in offshore & deepwater environments.
- Acted as a key liaison between clients, engineers, and operations teams.
- Implemented well control best practices, reducing downtime.

Driller | Trinidad Drilling Ltd.

Poza Rica, Mexico | 2006 – 2008

- Led drilling crew operations while adhering to company SOPs & safety protocols.
- Managed daily drilling activities, rig maintenance, and well control procedures.

Lease Hand to Driller | Ensign Canadian Drilling Inc.

Nisku, AB | 1996 – 2006

- Progressed through various roles, gaining hands-on drilling experience in high-pressure formations.
- Developed strong skills in rig operations, wellsite safety, and drilling efficiency.

Certifications & Training

- IWCF Well Control (Level 4 – Surface & BOP Stack)
- H2S Alive & Gas Testing
- BOSIET & HUET with HUEBA (Offshore Survival Training)
- Rig Rescue, Confined Space Entry & Fall Protection
- Safety Management & Regulatory Awareness (SARA)
- Canadian Association of Oilwell Drilling Contractors (CAODC) Safety Awards

Education & Professional Development

- Diploma in Drilling Oil & Gas (Onshore) – Australian Apprenticeship Program
- Well Site Audit & Reporting Training
- First Aid & CPR (Level C) with AED

Technical Expertise

- Rig Types: 6th Gen Jack-Up, 5th Gen Jack-Up, Hydraulic & PLC Land Rigs
- Drilling Technologies: WellView, OpenWells, Pason, Real-Time Data Monitoring
- Software & Systems: Microsoft Office Suite, QHSE Programs

Achievements & Notable Projects

- Successfully completed multiple well types: exploration, production, P&A, re-entry, and CSG projects.
- Recognized with multiple safety awards for maintaining a zero-incident record.
- Trained and developed local drilling crews, enhancing competency and safety awareness.
- Optimized rig performance and reduced operational downtime, improving cost efficiency.
