EDUCATION AND TRAINING

Date (from – to)	October 22, 2000 – June 20, 2004 (4 years and 8 semesters)
Name of organizations	Faculty of Safety, University of Zagreb (Ivana Lučića 5)
Type of educations or training	Industrial Safety
Principal subjects/occupational skills covered	Fire and Explosion Protection, Environmental Protection, Work Safety Management, Safe Handling of Machines, Facilities and Equipments, Physical Hazards (warm, lighting, noise and vibration), Occupational Medicine, Biological and Chemical Hazardous Agents, IT, Statistics, Crisis Management <i>Final thesis: Ergonomics and Safety in Croatian Posts</i>
Title of qualification awarded	Master's degree an engineer security and protection (mag. ing . sec.),
Certificate Number	000293
Validation of Certificate	Unlimited

TECHNICAL SKILLS AND COMPETENCES

Type of drilling equipment / workover equipment / cranes / engines / generators / others	Familiar with the operation of various cranes, mechanical diggers and other building vehicles
Other technical skills	Accident prevention, health preservation and loss reduction in construction operations, techniques of hazard control, strategies for minimizing injuries and losses, Industrial Hygiene and Safety equipment, Control of fire through building construction to prevent fire spread, occupancy-hazard relationships, exposure to and from adjacent occupancies, lifesaving aspects, and the development of professional knowledge of flammable gases, liquids, combustible solids, dusts, chemicals, and explosives.
PC skills	Operating system Windows 98/2000/XP – Skilled in MS Office Programs (Word, Excel, PowerPoint), Outlook Express, Internet Explorer, Corel, Hammertec, etc.

LANGUAGE SKILLS

MOTHER TONGUE	Croatian		
OTHER LANGUAGES	English	Italian	German
READING SKILLS	very good	good	Good B2
WRITING SKILLS	very good	good	Good B2
VERBAL SKILLS	very good	very good	Good B2

SOCIAL SKILLS AND COMPETENCES

- Excellent interpersonal and communication skills with superiors and co-workers;
- Sense of responsibility with the capacity for initiative and innovation;
- Ability to work in team and independently, to set up priorities and to organize own personal time and task efficiently,
- Accurate,
- Successful under pressure and adaptable to frequent and unexpected changes;
- Main hobbies are playing soccer, basketball, fishing, computer programming, reading literature, etc.
- Able to work in desert or arctic condition
- Able to take decisions under pressure, proven emphasis on oil and gas operations, drilling production, maintenance fabrication and installation activities.

ORGANIZATIONAL SKILLS AND COMPETENCES

- Management skills proven in various roles and positions held;
- Administrative and organizational issues that impact construction safety programs;
- Safety management concepts in relationship to industrial and business environments;
- Excellent organizational and time managing skills proven through success in fulfilling project tasks within the budget and schedule;
- Reporting capacities.
- Team player with good interpersonal skills, independent, self-starter.
- Creating positive Safety Culture on site and into the Management Team
- Knowledge and use (iso) 45001 Health and safety management system, 14001 Environmental system SUVA Regulation,

DRIVING LICENSES

German licence - A, B,C,C1 G, H categories

Heavy Equipment Operator licence - Loader and excavator all types from 1t. - 90t.

Forklift Operator

CERTIFICATES :

- Diploma - Graduated Safety Engineer (Magister engineer of Safety and Security)
- NEBOSH – IGC International General Certificates
- Risk Assessment
- HSE training in HSE management in Seismic Operations and Behavioural Safety Auditing.(The trainer is Ken Humphrey manager SQESH TRAINING SERVICE - RPS -GSR.
- Driver Assessor course, (safe drive international)
- SLT – Safety leadership training
- IEMA -Environmental in Construction certificate
- Sigeko RAB 30, part C
