Professional Summary

Registered Civil Engineer with over 15 years of experience in Project Controls, specializing in Cost Management for oil & gas, shutdown works, FEED, EPC, EPCM, and PMC projects. Career includes extensive international exposure in the Asia-Pacific, Gulf, and US-based projects.

Skills

Advanced proficiency in MS Excel, Cost management, and Project management tools.

Employment History

Cost Engineer

Red Line Solutions Gen. Est.

Supplied to Sinopec Engineering Group Co., Ltd.

Client: Saudi Basic Industries Corporation (SABIC)

Project: Modification of existing Polyethylene plant for Metallocene Catalyst - EPC

07/2025 – Up to present

Saudi Arabia

Support the preparation of progress billing, change orders, and variations. Track and update project cost data, including labor, materials, and equipment expenditures. Assist the project manager in preparing RFQ packages, including scope of work and contract agreement, and coordinate with contractors regarding bid quotations.

Senior Project Controller

AECOM

Client: Chevron, USA, 05/2024 – 06/2025

Project: Chevron Pascagoula Refinery - PMC

Client: New Jersey Department of Transportation, USA, 04/2021 – 05/2024

Project: Transportation New Jersey Design and Construction - PMC

04/2021 - 06/2025

Philippines

Project reviewed for Pascagoula Refinery and Transportation New Jersey projects. Using AECOM Project Information Center, WORKBENCH, AECOM Billing and Collections, ORACLE E-Business Suite, and DocuSign tools. Responsible for tier 1 projects, includes updating the estimate at completion, final EAC (closeout phase), contract change, risk analysis and setting up new projects in the system.

Cost Control Specialist

McDermott International Inc.

JV with CTCI B.V.

Client: Oman Oil Refineries and Petrochemical Industries Company (Orpic)

Project: Liwa Plastics Industries Complex – EPC

Contract Price: US\$2.82 Billion

12/2017 – 06/2019

Oman

Prepared client and internal cost reports, including invoice status reports, the value of work done, contract changes, site deliveries, and forecast changes. Reviewed cost coding for field material requests. Monitored field purchased orders trending against JDE commitments reports. Analyze BlueSheet forecast deviations.

Cost Control Engineer

Daewoo Engineering and Construction Co., Ltd.

JV with Fluor Corporation and Hyundai Engineering

Client: Kuwait National Petroleum Company

Project: Upgrade/Expansion Project of Mina Abdullah Refinery (MAB2) – EPC

Contract Price: US\$1.90 Billion

01/2016 – 12/2017

Kuwait

Developed multiple Scorecard forecasts per unit level based on awarding contract values. Monitored contract change logs, and key quantities overall charts. Reviewed subcontract cost summary sheet against bill of quantities and analyze quantities variation.

Cost Engineer

AMEC Foster Wheeler

Client: PTT Global Chemical Public Company Limited

Project: LLDPE Expansion & Hexene-1 Project – FEED-EPCM, 06/2014 – 12/2014

Client: Chevron Bangladesh Block 12, Ltd.

Project: Bibiyana Compression Projects – FEED-EPCM, 01/2014 – 06/2014

Client: Chevron Bangladesh Block 12, Ltd.

04/2012 – 12/2014

Thailand

Project: Bibiyana Expansion Projects – EPCM, 01/2014 – 06/2014
Client: DOW Chemical-ARAMCO
Project: SADARA Unit 360 Propylene Oxide – EPCM, 04/2012 – 04/2014

Prepared detailed cost reports and man-hours for direct materials, changes in the contract, and a change order log, including budget transfer. Updated the commitment base on POs and expenditures, manage monthly invoice payments, cost forecasts, and project materials cash flow. Assist in forecasting project status with the lead cost.

Cost Engineer / Quantity Surveyor
Abdul Rahman Al Naim Consultant Engineers
Client: Royal Commission for Al Jubail & Yanbu
Multiple Projects: Design and Engineering Services

06/2011 – 04/2012
Saudi Arabia

Prepared and developed detailed cost estimates based on tender requirements with management, material take-off, schedule of quantities, unit cost analysis, and man-hour calculations, and analyzed the contingencies for the final design. Assist the team lead.

Quantity Surveyor
Soley Construction Private Limited
Client: Town Councils
Multiple Projects: Housing Development Boards Project

06/2010 – 12/2010
Singapore

Estimate quantities based on drawings according to tender requirements. Monitored project progress and on-site activities, and collaborate with the site engineer to prepare weekly progress reports. Assist and report directly to the project manager.

Senior Cost Engineer
EEI Corporation
JV with Al Rushaid Construction Co., Ltd.
Client: JGC Arabia Ltd.
Project: National Chevron Phillips, 03/2009 – 03/2010 - EPC
Contract Price: US\$150.00 million
Client: Shaw Stone & Webster Arabia Co. Ltd.
Project: Sharq Ethylene Plant 3rd Expansion Project, 03/2007 – 03/2009 - EPC
Contract Price: US\$300.00 million
Shutdown Works: Boiler modification, Oil Burner Replacement & Superheater Extension Work - 2008

03/2007 – 03/2010
Saudi Arabia

Prepared direct materials reports, monthly invoices, payment requisitions, and interim statements, and update contract changes. Liaise with clients to reconcile commitment reports. Verified subcontractor billing before submission for payment and identify long-lead items along with their delivery dates.
