➤ **Commercial Manager, *Parsons Corporation*, KSA, May 2025 to date**

Working with PARSONS at Jeddah Central Development (JCDC) Stadium plus associated assets project .

- As a Commercial Manager I am overseeing and managing the financial aspects of projects, ensuring they stay within budget and meet financial objectives. This role involves budgeting, cost control, financial reporting, and collaborating with various stakeholders. Analyze costs, identify cost-saving opportunities, and ensure compliance with financial regulations.
- Issue For Bidding (IFB) v Issue for Construction (IFC) reconciliation and assessing the extent of Provisional Sums against baseline costs.
- Reporting direct to Project Control Department as part of the PIF
- Meeting with contractor on number of aspects for verification of costs and BOQ's.
- Procurement / commercial check and reviewing cost estimation.
- Carrying out check and evaluation of cost consultant's cost plans.

➤ **Managing Estimator, *Pexhurst Services Ltd*, UK, July 2024 to May 2025**

- Delivering multiple projects and ranging across various sectors such as industrial and commercial units base build refurbishment and fit out, commercial fit out focusing on external landscaping including renewable energy requirement to BREAAAM / Carbon neutral current legal requirement. Working knowledge of NEC3/4 and JCT contracts with Design & Build.
- Project value ranging from £1M to £8M.

➤ **Senior Estimating Manager, *Parsons Corporation*, KSA, July 2023 to June 2024**

- Worked with Parsons at the Neom Oxagon project as estimation manager carrying out the following tasks.
-
- Review and validate the feasibility of project cost data, budgets, and Initial Asset Briefs (IABs).
- Assess Scope of Works for Stages 3A, 3B, and 3C; prepare Cost Responsibility Statements (CRS) and conduct detailed reviews.
- Develop Request for Proposals (RFPs), prepare cost estimates, and contribute to tender evaluations.
- Produce cost estimates to support alternative delivery evaluations and compile summaries using NRM1 / NRM2 methodologies.
- Prepare pre-tender estimates and support the verification of tender submissions, Bills of Quantities (BoQs), and pricing schedules.
- Conduct procurement and commercial reviews to validate cost estimates.
- Review and evaluate cost consultants' cost plans for accuracy and completeness.

➤ **Senior Estimator, *Pexhurst Services Ltd*, UK, 2021 to 2023**

- Led the estimation of multiple projects across industrial and commercial sectors, including base build refurbishments, fit-outs, and external landscaping works. Projects included renewable energy elements in line with BREEAM and carbon-neutral requirements. Applied strong knowledge of NEC3/4 and JCT (Design & Build) forms of contract.
- Prepared detailed cost estimates across a variety of project types and disciplines.
- Developed build-type and fully detailed estimates, ensuring clarity and sufficient detail to support client monitoring and benchmarking.
- Reviewed design drawings and documentation to prepare Bills of Quantities (BoQs) and Schedules of Works for trade contractors.
- Analysed and evaluated trade contractor quotations; conducted thorough commercial bid assessments.
- Produced accurate material take-offs with associated pricing.
- Calculated labour man-hours for each estimated activity.
- Compiled project-specific preliminaries including site management, temporary works, logistics, and site facility requirements.
- Provided technical input during the review of design packages and contributed to value engineering initiatives.
- Maintained cost databases, conducted benchmarking, and managed enquiries with subcontractors and suppliers.
- Planned and facilitated project handovers to the commercial team.

Projects size ranging from £1M to £5.5M

➤ Director, *RZT Consulting Limited* –2016 to 2021

- Provided end-to-end estimating and cost planning services across a range of contract types, including Traditional, Contractor's Design Portion, and Design & Build. Responsibilities included thorough review of tender documentation, identification of contractual and commercial risks, detailed quantity take-offs, and preparation of Bills of Quantities using first principles estimating.
- Key duties also encompassed conducting and coordinating site inspections, evaluating and adjusting subcontractor and material quotations, managing enquiry packages and quote comparisons, and preparing comprehensive tender build-ups for adjudication with directors. Delivered final tender submissions, participated in value engineering exercises, and supported cost forecasting and budget preparation in close collaboration with clients, internal stakeholders, and supply chain partners.
- Worked with the following main contractors, delivering projects ranging from £1M to £15.3M across Commercial, Residential, Healthcare, Royal Estates, and Museum sectors:
 - Sykes & Sons Ltd
 - ME Construction Ltd
 - Charles Edward Ltd
 - Corley + Woolley
 - CC Construction
 - Chisholm & Winch Ltd

➤ Estimating Manager, *Corderoy International Limited* – Saudi Arabia 2014 to 2016

- Led estimating activities on major projects across the Kingdom of Saudi Arabia. Responsibilities included developing detailed cost estimates and rate build-ups, validating third-party estimates, and preparing cost breakdowns for Bills of Quantities. Oversaw trade package procurement and conducted detailed cost analyses. Evaluated work packages and produced feasibility studies and reports. Regularly engaged with clients to review and agree on final project budgets and overall cost strategies.

➤ Senior Estimator, *Dovehouse Interiors* 2010 to 2014

- Reviewed tender documentation to identify key requirements and potential contractual risks for Dovehouse Interiors.
- Prepared detailed take-offs and Bills of Quantities using first-principles estimating.
- Worked across traditional contracts, contractor's design portions, and Design & Build schemes.
- Assessed and adjusted rates based on subcontractor and material quotes; developed rate build-ups.
- Marked BQ for enquiries and coordinated with specifications, prelims, and drawings; monitored quote returns.
- Conducted quote analysis and selected suitable quotations for tender inclusion.
- Prepared and adjudicated tender build-ups with Directors prior to submission.
- Engaged with clients for value engineering and prepared cost forecasts and budget proposals.
- Projects size ranging from £1M upto £5M

➤ Senior Estimator/ Managing Estimator, *MPG Contracts Limited*. 2002 – 2010

- At MPG mostly the tender enquires are specifications and drawings, therefore it my responsibly to prepare the full lump sum bids including calculating preliminaries required for the project.
- Once a project is warded, we follow procedure of handover from estimating to commercial team which includes in-depth meeting with surveyors and buying team. Also, as an estimating manager, I was responsible for organise tender return and meeting with the directors to outline tenders worked on, tenders in progress and future work due and built a term of four estimators.
- Introduced Causeway Estimating Software enabling team of estimators to work on the same database, increased the businesses' turnover from £12M to £40M

➤ **Senior Estimator / Cost Manager, *Ardmac Performance Contracting Limited*. 1997 – 2002**

- Interior Fit out Contractor. Projects undertaken from all business sectors.

Projects:

- BP at Sunbury – Fit out. £850K
- Chubb Insurance.- Fit out with specialist joinery. £2.5M
- Bain & Co (Strand) – Fit out £950M
- 99 Bishopsgate for StructreTone – Fit out of 4 floors £4M
- RAPP Collins (Hammersmith) – Fit out / dry lining & ceilings - £1.85M
