Education

University of Lahore,

Oct 2020 – Jul 2024 | Lahore, Pakistan

Bachelor of Science in Computer Science

Relevant Coursework UI/UX, User Central Design, Web Development, Web Designing, App Development, App Designing, Software Engineering, Basic Programming.

Skills Developed

Front-End Development: Gained hands-on experience with Flutter, Tailwind CSS, and responsive web and App design.

Problem-Solving: Enhanced problem-solving skills by tackling design challenges, improving user flows, and refining user experience through wireframing, prototyping, and usability testing and User Research.

Experience

UI/UX Designer – Inartia

March 2025 - Sep 2025 | Lahore, Punjab, Pakistan (Remote)

Junior UI/UX Designer – O3-Interfaces

December 2024 - March 2025 | Islamabad, Punjab, Pakistan (Onsite)

- Collaborated with senior designers to refine user flows and enhance visual design, ensuring alignment with brand guidelines and user expectations.
- Utilized handoff tools like Zeplin to streamline collaboration with developers and reduce implementation errors.
- Built responsive layouts and reusable design components in Figma, leveraging properties, variables, auto layout, and variants to ensure scalability and design consistency.

UI/UX Designer – R-Technologies (Onsite)

October 2024 – December 2024 | Islamabad, Punjab, Pakistan (On-Site)

UI/UX Designer - Nebulae-Soft (Remote)

(Assistant Team Lead) | Oct 2024 – Dec 2024 | Bangladesh (Remote)

- Led a team of 7 junior designers, delivering 2 case studies. 📈

(Intern) | Mar 2024 – Oct 2024 | Bangladesh (Remote)

- Built a Complete Case Study on HR Management System.
- Built a 3 Different Dashboard Including Financial etc.

Skills

UI/UX Design

Figma, Sketch, Adobe XD, Wireframing, Prototyping, Design System, Framer, Zeplin, Illustrator, Web-flow.

Design Techniques

Responsive Web Design, Mobile App Design, User Centered Design, Visual Hierarchy, Typography, Iconography, Micro Interaction, Platform-Specific Components IOS| Android, Motion Design.

Research Skills and Tools

Usability Testing, Persona Development, Quantitative plus Ethnographic Research, A/B Testing, Heatmaps, User Journey, User flow.

Product and PM Tools

Jira, Slack, Trello, Asana, Click Up, Loom, Productboard.

PROJECTS

PORTFOLIO

GPS Tracking App.

- Led the design of GPS Tracking App aimed at Real-time vehicle monitoring and asset management system.
- Created intuitive dashboards for live tracking, trip history, and asset management with a focus on responsive mobile-first design.
- Built a scalable design system in Figma to ensure consistency across web and mobile platforms.

NBA Sports App.

- Led the design of Basketball-focused news and live score app, delivering real time game updates, news and social interactions features for basketball fans.
- Integrated modern UI patterns for personalization and push notifications, ensuring users never missed key updates.
- Developed user flows for live scores, match stats, news feeds, and community interactions, boosting fan engagement.

HR Management System.

- Design HR System which takes less time than usual HR System with quick CV filtering to identify suitable candidate much faster.
- Automate job description to save time in creating posting open positions.
- Created clean, role-based dashboards to improve HR productivity and reduce repetitive tasks.
- Improved HR dashboard usability, reducing task time by 20%.

A Mindful Walking Companion (Walking App).

- Design a walking app which is more than a walking app or more like a companion, with user centered user flow, and real time design.
- Focused on user-centered flows to guide users through walking routines, mindfulness tips, and progress tracking.
- Delivered high-fidelity prototypes with real-time interaction designs, ensuring a smooth and engaging user experience.

CERTIFICATES

- Foundation of User Experience (UX Design) Google – Jul 2024
- Design Thinking for Professional (Sydney University)
- Free-Code-Camp- feb2024
- Lyallpur (Fsd) Competition 2024 (Top 10) Best Final Year Project Of the year 2024
- Project Management Google (2025)
