PROFESSIONAL EXPERIENCE

KPMG – Associate consultant

Feb 2025 – May 2025

- Working on Vision 2030 giga-projects with senior consultants, conducting SWOT, benchmarking, and gap assessments that identified key operational improvement opportunities and shaped actionable project recommendations
- Collaborated with subject matter experts to co-develop Target Operating Models (TOM), aligning client operations with best practices and Vision 2030 transformation goals.
- Streamlined data collection processes and improved presentation quality for client deliverables.
- Developed client presentations and reports, ensuring clear visuals and concise executive summaries.
- Assisted in coordinating timelines and deliverables, contributing to on-time project completion.
- Partnered with SMEs to design Target Operating Models, improving client process efficiency.

Saudi Press Agency – Co-op Training

Aug 2024 – Nov 2024

- Part of the strategic transformation team and supported the launch of the SPA News Academy
- Translated official documents and maintained accuracy and consistency in communication materials.
- Gained exposure to governmental communication procedures, professionalism, and interdepartmental coordination.
- Conducted sector-based research (logistics, media, finance, etc.) and supported the preparation of fellowship content and reports

Forsan Foods - Business Support Associate

Jul 2020 – Jun 2023

- Accurately entered, updated, and maintained company records and product information in internal databases.
- Verified data integrity and corrected discrepancies to ensure high-quality and error-free records.
- Assisted in preparing reports for inventory, sales, and supply chain operations.
- Collaborated with team members to streamline data entry processes, improving efficiency and accuracy.
- Handled sensitive information with confidentiality and adhered to company data protection policies.
