PROFESSIONAL EXPERIENCE

Impact - Kamran and Co Chartered Accountants, Lahore, Pakistan

Worked as an *"Assistant Manager"*

August 2024 – September 2025

Responsibilities:

- **Led and managed end-to-end audit engagements**, including planning, execution, and final reporting to senior client management and Boards, ensuring compliance with IFRS, UAE laws, and firm risk management standards.
- **Prepared and reviewed financial statements** across various sectors, ensuring accuracy, regulatory compliance, and adherence to IFRS, both in onsite audits and remote finance functions.
- **Managed remote finance and accounting operations**, overseeing monthly, quarterly, and annual financial reporting, budgeting, forecasting, variance analysis, and management dashboards for strategic decision-making.
- **Developed and enforced internal controls** to improve financial accuracy and operational efficiency, including remote oversight of daily accounting functions such as invoicing, payables, receivables, payroll, and bank reconciliations.
- **Ensured full compliance with UAE VAT regulations**, including VAT registration, return filing, reconciliations, and correspondence with authorities.
- **Acted as key liaison with clients, external auditors, and legal advisors**, managing stakeholder relationships, facilitating year-end audits, and ensuring corporate compliance.
- **Supervised on-site and remote teams**, supporting the development of junior staff and contributing to firm-wide training initiatives, while ensuring projects were delivered within budget and timeline constraints.

Impact - Kamran and Co Chartered Accountants, Lahore, Pakistan

Worked as *"Senior Audit Associate"*

February 2021 – August 2024 (3 years & 6 months...)

Responsibilities:

- **Obtained understanding of the client** and identified business & audit risks and assessed their implication at assertion and financial statements level.
- **Administered statutory and project audits** analyzed audits and developed required audit plans according to procedures and established guidelines.
- **Preparation of Financial statements** of various sectors in accordance with Companies Act and IFRS.

Responsibilities (Continued...)

- **Consultation on significant matters** with various professionals such as lawyers, tax advisors, bankers and actuaries as well as evaluating the implications of their opinions from an accounting perspective.
- **Ensuring completeness, correctness** and updated working papers in e-Audit Software.
- **Reporting and assisting Managers and Partners** audit & assurance in audit matters.
- **Reviewing of accounting and internal control systems** and suggesting procedures for their improvements.
- **Developing and performing substantive and analytical procedures** so as to determine the reasonableness of the financial statement's assertions.
- **Ensuring that the necessary corporate** compliance has been made by the entity in accordance with the applicable laws.
