

BIMAL SHARMA

Dodhara Chandani-07, Kanchanpur, Nepal | Zip: 10400 | Phone no: +9779809440389 | What's App: +919289034964 | Email: bimals935@gmail.com

SUMMARY

- M.Tech in Structural Engineering with Gold Medal.
- Experience in structural analysis buildings using software like ETABS and SAP.
- Experience in structural analysis of Box-Culverts, Bridges, Crash Barriers, Drainages etc.
- Familiar with the design of structural elements using innovative materials like GFRP.
- Familiar with codal standards like IRC, IS, ACI and NBC.
- Used to with software like MIDAS CIVIL, ADSEC OASYS and STAAD Pro.
- Familiar with FEA tools like ANSYS, and ABAQUS.

EDUCATIONAL QUALIFICATION

Master of Technology (Structural Engineering) Institution: Delhi Technological University, Delhi-110042, India CGPA: 8.91/10 (Gold medalist, 1 st Rank out of 22)	2022- 2024
Bachelor's Degree in Civil Engineering Institution: Far-Western University, Mahendranagar-10400, Nepal CGPA: 3.89/4 (2 nd Rank in Civil Engineering in University)	2016-2021
Higher Secondary Education Board (+2 Science) Institution: Radiant H.S.S, Mahendranagar-10400, Nepal Percentage: 70.30 %	2014-2016
School Leaving Certificate (10th) Institution: Laxmi H.S.S, Dodhara Chandani-07, Nepal Percentage: 69.13 % (1 st Rank out of 76, Government School)	2013-2014

AWARDS AND HONORS

- Awarded Vice Chancellor's Gold Medal, on ranking 1st in M. Tech in structural engineering, on 11th Convocation of DTU held on December 19, 2024.
- Awarded ICCR scholarship from the Embassy of India to pursue M. Tech at Delhi Technological University.
- Awarded merit-based scholarship for Bachelor's Degree in Civil Engineering.
- Secured 2nd rank, in the Department of Civil Engineering, with a Bachelor of Civil Engineering.

RESEARCH EXPERIENCES

M.Tech., (structures)

1) Thesis: Assessment of Bridge Load Carrying Capacity Under Static and Dynamic Load Testing. (<http://14.139.251.106:8080/jspui/handle/repository/20734>)

My research includes the assessment of bridge load carrying capacity under static and dynamic load testing. The study focuses on the assessment of the dynamic load carrying capacity of a bridge using the empirical formula from literature, experimental static load test data and Numerical modelling using MIDAS CIVIL software. The research attempts to get the dynamic parameter: frequency, of the bridge with the known static parameter: deflection. Ultimately, the study highlights a technique to get a static parameter: deflection of bridge with a known dynamic parameter: frequency. This shows dynamic load test can alone give both static and dynamic parameters of the bridge and is economical and less time-consuming than a static load test.

Advisors: Dr. Shilpa Pal (Professor, Department of Civil Engineering, Delhi Technological University), Dr. Naveet Kaur (Senior Scientist, Bridge Engineering and Structures, CSIR-CRRI) and Dr. Pardeep Kumar (Senior Technical Officer, Bridge Engineering and Structures, CSIR-CRRI).

2) Seminar on “Advantages and challenges of modular construction of buildings”, in M. Tech 1st semester, under Dr. Shilpa Pal

B.E. (Final Year Project)

Seismic analysis and design of the multi-storied commercial building (A multi-storied building was modelled in SAP, analyzed and designed as per IS standards).

PROFESSIONAL EXPERIENCES

Structural Design Engineer, Structure Department

2024 -Till Date

Nitya Nayra Civil Solutions Pvt. Ltd, Gurugram-122003, Haryana, India

- Responsible for the design & detailing of structures like bridges, culverts, retaining walls, SVUP, LVUP, VUP, and drainages etc.

- Familiar with Codal standards like IRC-6, IRC-112, IRC-78, IRC-137 and ACI-440 1R-15, etc.
- Involved in the research and development of design sheets for structures, using innovative materials like GFRP, and HPC.

Trainee Engineer, Structures

2021-2022

Ripple Training and Consulting Services Pvt. Ltd, Kathmandu, Nepal

- Analyzed and designed buildings using ETABS (using IS-codes and NBC), prepared structural drawings, and did estimation & costing.

TECHNICAL SKILLS

- | | | | |
|-----------|---------------|-------------|----------|
| • AutoCAD | • STAAD PRO | • MS OFFICE | • ETABS |
| • SAP | • MIDAS CIVIL | • ANSYS | • ABAQUS |
| • ADSEC | | | |

LANGUAGES

- | | | |
|-------------------|-----------|---------|
| • Nepali (native) | • English | • Hindi |
