Career Summary

Results-oriented **Senior NDT Level III Specialist** with **13+ years of international experience** in EPC and LNG projects across the Oil & Gas sector. Expertise in **Advanced Ultrasonic Testing (AUT, PAUT, TOFD)** and other NDT disciplines (**MT, PT, UT**). Skilled in **inspection management, validation, and team supervision** for complex onshore and offshore projects. Proven track record of delivering high-quality inspection results while maintaining strict compliance with **ISO 9712, ASNT, and PCN standards**. Extensive experience collaborating with major operators including **ADNOC, Saudi Aramco, Shell, Qatar Gas, ENI, BP, and Noble Energy** under the **Saipem Group** umbrella. Adept at supporting **EPC phases** and ensuring integrity in **LNG plant construction and pipeline projects**.

Professional Experience

NDT Level III & NDT Coordinator

Global Projects Services AG (Saipem) – Abu Dhabi, UAE

Project: Hail & Ghasha LNG Development Project – ADNOC | **Dec 2024 – Present**

- Lead and coordinate all **AUT / PAUT phased array activities**.
- Conduct **technical setup validation** for CRA and CS welds (6", 12", 16", 20", 22", 34").
- Serve as **NDT Lead** for double-joint fabrication yard operations.
- Oversee **offshore pipeline installation inspections** onboard *Saipem Endeavor* vessel.
- Interface and coordinate directly with **ADNOC client representatives** to ensure compliance with project specifications and quality standards.

Global Projects Services AG (Saipem) – Romania | **Sep 2024 – Nov 2024**

- Developed and optimized **AUT inspection setups** for CRA and CS pipelines (6", 14", 16", 34").
- Conducted **validation of inspection procedures** with ADNOC client representatives.
- Performed **qualification and calibration of AUT/PAUT equipment** to enhance reliability.

Global Projects Services AG (Saipem) – KSA

Project: LTA Offshore – Saudi Aramco | **May 2024 – Aug 2024**

- Installed **36" CRA pipelines** onboard *Saipem Endeavor*.
- Managed **AUT setup, calibration, and inspection execution**.

- Ensured compliance with **Saudi Aramco NDT procedures and acceptance criteria.**

Global Projects Services AG (Saipem) – Romania | Jan 2024 – Mar 2024

- Developed and validated **PAUT setups** for the B7 project.
- Provided **technical support and supervision** for multiple Saipem laboratory projects.

Global Projects Services AG (Saipem) – KSA

Project: LTA Offshore – Saudi Aramco | Nov 2023 – Dec 2023

- Performed **AUT and PAUT inspections** during jacket installation onboard *DB50*.

Global Projects Services AG (Saipem) – Romania | Sep 2023 – Oct 2023

- Built **PAUT setups** for Bonny Project (Shell).
- Validated **1”, 2”, and 3” wall thickness welds** with Shell client representatives.

Global Projects Services AG (Saipem) – Romania | Jun 2023 – Aug 2023

- Conducted **AUT/PAUT setups** for AGOGO Project, Bozios 7, and NFPS CRA (Qatar Gas).
- Performed **validation and calibration activities** with client.

Global Projects Services AG (Saipem) – KSA | Mar 2023 – May 2023

- Installed and inspected **36” CRA pipelines** onboard *Saipem Endeavor* for Saudi Aramco.

Global Projects Services AG (Saipem) – KSA | Oct 2022 – Jan 2023

- Performed **AUT inspections** on 12.75” CRA pipelines during offshore installation.

Global Projects Services AG (Saipem) – KSA | May 2022 – Aug 2022

- Conducted **AUT inspections** on 24”, 30”, and 16” CS pipelines onboard *Castoro 12*.

Global Projects Services AG (Saipem) – KSA | Oct 2021 – Mar 2022

- Installed and inspected **32”, 16”, and 36” pipelines** onboard *Saipem Endeavor*.

Global Projects Services AG (Saipem) – UAE | Mar 2021 – Sep 2021

- Headed **fabrication inspection** for LTA 34 & LTA 43 (Saudi Aramco).
- Oversaw **PAUT and UT testing** onboard *Saipem Endeavor*.

Global Projects Services AG (Saipem) – Equatorial Guinea

Project: Alen Pipeline Offshore – Noble Energy | Oct 2020 – Dec 2020

- Performed **AUT inspections** for 24” offshore pipeline installation onboard *Castorone*.

Global Projects Services AG (Saipem) – Romania | Jan 2020 – Apr 2020

- Supported **laboratory-based AUT trials and equipment calibration.**

Global Projects Services AG (Saipem) – Angola

Project: AGOGO Phase 1 – ENI Angola | Oct 2019 – Nov 2019

- Performed **AUT inspections** on 10” pipelines onboard *FDS1*.

Global Projects Services AG (Saipem) – Azerbaijan

Project: Shah Deniz 2 – BP | Mar 2019 – Jul 2019

- Conducted **AUT inspections** on 14" & 16" pipelines onboard *PLBH* vessel.

Global Projects Services AG (Saipem) – Romania | Nov 2018 – Feb 2019

- Completed **AUT refresher training and laboratory qualification**.

Global Projects Services AG (Saipem) – KSA

Project: LTA & LTA2 Hook-Up Offshore – Saudi Aramco | Jul 2018 – Oct 2018

- Conducted **UT, MT, PT, and PMI** for multiple offshore platforms (Marjan, Zulf).

Global Projects Services AG (Saipem) – KSA | Jan 2018 – May 2018

- Performed **NDT (UT, MT, PT, PMI)** inspections for TP1 and TP8 Brownfield platforms.

Global Projects Services AG (Saipem) – KSA | Jun 2017 – Nov 2017

- Conducted **UT, MT, and PT inspections** on TP9 platform at Zamil Yard onboard *Castoro 8*.

Global Projects Services AG (Saipem) – Cyprus

Project: Zohr Project – ENI | Jan 2017 – Mar 2017

- Conducted **pipe fabrication AUT inspections** onboard *FDS* vessel.

Global Projects Services AG (Saipem) – Angola

Project: East Hub Pipeline – ENI Angola | Sep 2016 – Nov 2016

- Offshore **AUT operations** onboard *FDS* vessel.

Global Projects Services AG (Saipem) – China

Project: Liwan Deep-Water – Husky Oil | Feb 2016 – Aug 2016

- Performed **AUT inspections** for offshore pipeline installation onboard *FDS*.

Global Projects Services AG (Saipem) – KSA | Feb 2013 – Dec 2015

- Conducted **UT, MT, and PT inspections** for multiple pipelines and hook-up platforms (Saudi Aramco).

NDT Operator

International Co. for Engineering Inspection – Egypt | 2011 – 2012

- Performed **MT and PT inspections** for power station and industrial projects.

NDT Operator

Arabic Chemical Consulting Center – Egypt | 2008 – 2010

- Conducted **PT and UT inspections** for pressure vessels and pipelines.

Courses & Training

ISO 9712 – Level III (ID 3213)

- Ultrasonic Testing (UT)
- Phased Array Ultrasonic Testing (PAUT)
- Time of Flight Diffraction (TOFD)
- Magnetic Particle Testing (MT)

- Penetrant Testing (PT)

ISO 9712 – Level II

- PAUT | TOFD
- MUT
- MT

PCN- Level II (ID 323640)

- UT
- PT

ASNT Certifications

- UT, MT, RT, PT – Level II

Additional Training

- Applied Welding Technology
- Offshore Safety & Survival Training (BOSIET – OPITO)

Accomplishments

- Approved and validated by **ADNOC, Saudi Aramco, Qatar Gas, ENI, and BP.**
- Successfully passed **AUT/PAUT mock-up validation tests** for CRA and CS materials.
- Maintained **zero non-conformity record** in safety and inspection compliance.
- Consistently recognized for **technical excellence and team leadership.**

Soft Skills

- Strong attention to detail and analytical thinking
- Excellent communication and reporting
- Leadership and team supervision
- Strategic planning and time management
- High adaptability to offshore and EPC environments
- **Cross-functional coordination for EPC workflows**
- **Problem-solving under LNG project constraints**
- **Client interface and stakeholder management**

Languages

- Arabic – Native
- English – Excellent (spoken & written)

Personal Details

- Nationality: Egyptian
- Gender: Male
