

ZEESHAN AKHTAR

Maintenance Engineer (Electrical & Mechanical)

☎Cell: +966510681784 , Whatsapp: +966510681784

✉Email: shani3839@gmail.com

Address: Sultanah, Tabuk city Saudi Arabia

CAREER OBJECTIVE:

Dedicated Maintenance Manager with over 8 years in the maintenance engineering sector, possessing strong leadership skills and extensive knowledge of compliance and safety standards. Proven track record of optimising operations and enhancing team productivity at Pure Paper Factory. Successfully managed departmental budgets, ensured adherence to electrical codes, and developed procedures to streamline processes. Eager to leverage expertise in contributing to innovative projects and operational excellence in electrical engineering roles.

ACADEMIC ACHIEVEMENTS AND AWARDS:

- a. Winner of **National ICT (Information and Communication Technology) R&D Scholarship** Holder Student from Ministry of information and technology Pakistan from 2013 to 2017th for Full Funded Education in B.sc Electrical power Engineering.
- b. Achieve good marks in BS (Bachelor of Science) Electrical power Engineering Department for maximum Marks, CGPA and overall good Performance.
- c. Get Position in **8th IEEE** Annual Engineering Project Exhibition 2017 Held at University College of Engineering and Technology Bahawalpur.

PROFESSIONAL EXPERIENCE:

- Maintenance Supervisor at PURE PAPER FACTORY TABUK, SAUDI ARABIA**

(2022-Currently working)

Responsibilities:
 - Reviewed and organised all daily project reports to ensure timely accessibility and thorough documentation.
 - Completed and installed various daily reports, maintaining accurate operational records.
 - Recruited, trained, and managed a team of electricians, enhancing skillsets and productivity.
 - Oversaw all facility department operations, guaranteeing seamless functionality and safety compliance.
 - Investigated and resolved client complaints, delivering effective solutions and maintaining positive client relations.
 - Championed weekly team meetings to promote communication, collaboration, and project alignment.
 - Ensured strict adherence to electrical codes and standards within the team, fostering a culture of safety and compliance.
 - Collaborated closely with other facility department leaders and company executives to align departmental goals with organisational objectives.
 - Developed and refined departmental policies and procedures, streamlining operations and improving efficiency.
 - Suggested innovative strategies to increase revenue and operational efficiency, contributing to overall business growth.
 - Determined work schedules and assignments, optimising team performance and resource allocation.
 - Established and monitored the departmental budget, ensuring fiscal responsibility and accountability.
 - Managed stock levels of equipment and tools, ensuring necessary resources were readily available.
- SR.Maintenance Technician at FALCON PACK INDUSTRY SHARJAH, UNITED ARAB EMIRATES**

(2020-2022)
- Assistant Electrical Engineer at KLASH PRIVATE LIMITED FAISALABAD, PAKISTAN**

(2017-2019)
- Trainee Engineer at A.Z APPAREL PRIVATE LIMITED FAISALABAD, PAKISTAN**

(SIX MONTHS)

PROFESSIONAL QUALIFICATION:

1. Three month training program in the field of **Automation (PLC, HMI, & SCADA)**
2. TEVTA special training six month program in the trade of **INDUSTRIAL ELECTRICIAN (PBTE LAHORE)**
3. Worked as internee engineer at **220KV Grid Station (NTDC) Bahawalpur**
4. Attended International Conference on **Renewable Energy Resources (ICRES-2014)**
5. Attended all Pakistan **PSYWC congress 2015** at **Comsats** University Islamabad
6. Successfully managed an Annual Engineering Project Exhibition (**AEPEX 2015**)

AUTOMATION (PLC, HMI & SCADA) SKILLS:

- Designing and Implementation of PLC/HMI Training Panels
- Good knowledge of servo drives, servo motors.
- EU Editor (for Shihlin HMI’s)
- Win CC Flexible for Programming of Siemens HMI’s

SCADA System:

- Win CC by Siemens
- WinTr by Fultek

TECHNICAL SKILLS:

- Expertise in installing, testing, commissioning & maintenance of electrical equipment.
- Good understanding of Electrical Drawing & Erection
- Both practical as well as theoretical knowledge of different Electrical Instrument.
- Adept at preventive and breakdown maintenance.
- Knowledge and troubleshooting experience of HT/LT, Switchgears, HT/LT cables, Circuit Breakers like (VCB, ACB, OCB), HT/LT motors.
- Knowledge and troubleshooting experience of Instrumentation RTD, Limit switch, Level switch.
- Good knowledge about Motor Drives.

SAFETY CONSCIOUS:

Handsome safety awareness against personal as well as plant safety and quality of products, like IMS which deals with Quality Management System, (ISO-9001-2000, QMS) and Health Safety Environment, (ISO-14001-2004, EMS and OSHAS-18001-1999) standards and trying to serve best parallels with these standards.

Having Firefighting training on different safety topics.

Safety Courses

- IOSH-MS (Managing Safely, UK)
(Institution of occupational Health and Safety)
- OSHA (OSH-ACADEMY, USA)
(General Industry Safety and Health)

ACADEMICS:

DEGREE, INSTITUTION & BOARD/UNIVERSITY	DIVISION/CGPA	GRADE	YEAR
B.Sc. Electrical Power Engineering: Pakistan Engineering Council	CGPA 3.22/4.0	B ⁺	2017
Intermediate: BISE Bahawalpur	Percentage 66.18%	B	2012
Matriculation: BISE Bahawalpur	Percentage 71.76 %	B	2010

ACADEMIC PROJECTS:

- Made a project of automatic moisture controller for soil
- Elevator Control
- Four Way Traffic Signal Controlling
- Motor Speed Control using PLC and AC Motor Drive
- Motor Direction Control using PLC and AC Motor Drive
- Digital to Analog Controlling
- Analog to Digital Controlling
- PLC Project Linking HMI

PERSONAL BIO-DATA:

- Nationality: Pakistan
- Date of Birth: 01-May-1995
- Religion: Islam
- Marital Status: Married

COMPUTER PROFICIENCY:

- MS Excel, MS Word, MS Power point, Google docs.
