M.Sc FOOD TECHNOLOGY

SUMMARY

Enthusiastic and detail-oriented Food Technologist with a strong foundation in food science, quality assurance, and safety regulations. Proficient in analyzing food composition, testing ingredients, and ensuring compliance with health standards. Skilled in laboratory techniques and passionate about developing safe, nutritious, and high- quality food products. A quick learner with excellent problem-solving abilities and a commitment to continuous improvement in food technology and product development.

EXPERIENCE:

I have total 02 years of experience in Food Production department as a Production Manager in Nava Quality Foods Pvt.ltd. In production planning we are scheduling and coordinating activities to meet production targets. Utilizing equipment and techniques to prepare, cook or assemble food items and we are checking the quality of the products, conducting regular inspections of raw materials and finished products to maintain high quality of the products and collaborated with maintenance teams to ensure uninterrupted operations of machinery and equipment.

This department plays a vital role in ensuring that food products are not only delicious but also safe. This involves a series of processing such as preparation, processing, packaging, and quality assurance. This department ensures that food products are manufactured efficiently, safety, and in compliance with regulatory standards.
