OCCUPATIONAL EXPERIENCE

Senior HR Business Partner & Career Development Section Head, ENPPI “International EPC”,

Cairo

Feb 2019 — Present.

1. Contribute to HR & corporate Strategy: Contribute to the execution of the business plan through the creation and implementation of the People Strategies that attract, develop and retain employees. Act as people champion to the business unit, mentoring and coaching the business head and his/her team.
2. Develop and align workforce planning function with future business strategies and workforce capabilities through job analysis, talent acquisition, talent management, deployment, boarding, offboarding, career management, engagement and retention practices.
3. Organizational Design & Development (OD&D): Pro-actively analyze the established organizational structure and hierarchy to promote superior performance and work behavior through the corporate’s principles, policies & core values. Ensuring people’s wellness demands, career preferences, satisfaction, motivation and work commitment are key considerations.
4. OD & HR Compliance: develop and update section and division manuals, interview guide, behavioral and technical interview reports, department presentation and consultation brochure.
5. Manage effective organizational transformation and cultural change projects to align the corporate culture with business strategies through supporting, coaching and mentoring managers and employees in their implementation of core people processes.
6. Work with leaders to enhance current and future functional and leadership capabilities through harnessing HR practices through seminars, training and coaching sessions.
7. Performance & Talent Management: Develop and monitor progress of the employee’s performance appraisals, individual development plan, career path progression, and Talent Management agenda for the department / business unit continuously monitoring progress.
8. Support and guide managers and supervisors in delivery of key HR management processes, such as succession planning, talent management, performance review, timely meetings, employee relations, present employee conflict management, and offer career management solutions for employees.
9. Employee Engagement: Establish and maintain effective and healthy working relationships with managers, employees and technical HR coordinators.
10. Promote an inclusive culture that is based on equality, safety, productivity, empowering and motivating.
11. Coach and mentor HR coordinators, hiring managers, supervisors to promote human resource management practices through organizational objectives and values.
12. Corporate employer branding: lead as an external business partner (present the corporation in recruitment fairs, career conferences, recruitment agencies partnership, service providers partnerships, participate in universities conferences, public motivation speaker, internships training & career mentoring internship programs and employer branding practices).
13. Source CV’s from GCC, Egypt, Europe & Asian labor markets to conduct and manage recruitment, selection, deployment and on boarding manpower processes for Egypt, UAE and KSA corporate branches to fulfill project needs while maintaining clients’ project technical requirements (ADNOC, Saudi ARAMCO), 2021 – current.
14. GCC Mass hiring, recruitment & selection for EPC petroleum, oil, gas, petrochemical projects owned by ADNOC & Saudi Aramco joint projects including: -
 - Bu Hasa On shore oil producing field, UAE, 2019.
 - Oil field production, Coker complex, KSA 2021
 - LPP UAE LNG project, 6/2025 – current.
 - Gas & petroleum processing 500KM piping system WEP, UAE, 3/2024 – current.
15. Manpower planning: Initiate internal & external recruitment manpower plans with departments semiannually via Oracle software in coordination with planning project control department for projects and mobility needs.

16. Workforce & Job Analysis: conduct job analysis, study career paths, update job descriptions and future manpower plans cooperating with department managers.
17. Conduct the selection process using automated assessments, CBI interviewing, Personality, & managerial tests while negotiating qualifications & career management recommendations with hiring managers.
18. Update & visualize manpower plan progress report.
19. Data analysis: Monitor and conduct HR processes changes to maintain enhanced workforce HR metrics (e.g. turnover rates, motivation, satisfaction index, cost-per-hire, time to hire, performance and potential index etc.).
20. Design and conduct employee surveys while maintaining managerial equality practices and promoting employee value proposition practices (EVP).
21. Follow up with departments via SharePoint and intranet grievance system as a post hiring quality management monitoring system, career management, employee relations and grievance system.
22. Develop and participate in engagement and EVP practices awareness sessions (satisfaction survey, performance standards and appraisal processes, KPI's development and performance review meetings in assistance with department managers).
23. Design and administer on boarding training program with new hires.
24. Design and administer off boarding and retention practices while maintaining employee and corporate welfare.
25. Administer & visualize workforce career development assessments, IDP plans and career progression plans.
26. Design and conduct undergraduate internship training sessions related to employ ability, preparing for employment readiness, and careers exploration.
27. Conduct boarding programs and on job training for department's new hires and interns while managing and monitoring performance for internship and employment cycle in the OD & HR department.
28. Participated and conducted training programs for petroleum sector companies through ENPPI academy:-
