

CURRICULUM VITAE

Imran Raza

Bachelor of Engineering in Mechanical | IDIP Level 07 | NEBOSH | IOSH | OSHA | OHSAS-18001 | BOSIET Seasoned HSSE Professional with 20+ years of experience in multinational engineering firms. Expertise in HSE management, compliance with ISO standards (ISO-9001, ISO-14001, ISO-45001, ISO-50001), and Integrated Management Systems (IMS). Proven leader in driving safety excellence and fostering a culture of operational efficiency and risk management.

Designation: **Senior HSE Manager**
Current Location: **AlUla, Saudi Arabia**

Current Company: **Royal Commission**
Nationality: **Pakistani**

Mobile No: **+966564245128 (KSA)**

E-mail: iraza49@yahoo.com

PROFESSIONAL SUMMARY:

A results-driven professional with a Diploma L-07, BE/B Tech in Mechanical Engineering, and over 20 years of commendable experience in the Middle East in the field of Health, Safety, and Environment (HSE) management. I have consistently delivered exceptional results across various renowned international organizations within the Oil & Gas sector, Pipeline Projects, High Rise Buildings, Power Plants, Facilities Management, Infrastructure & Road Projects.

I am adept at devising and implementing robust Health and Safety (H&S) strategies aligned with ISO 45001 standards. My career has been characterized by a relentless commitment to fostering a culture of continual improvement and ensuring stringent regulatory compliance. I bring a track record of enhancing operational safety, reducing incidents, and protecting both human capital and the environment.

MANAGEMENT SKILLS:

Health, Safety, and Environment Management: Proven track record in developing, implementing, and managing comprehensive HSE strategies across diverse projects, ensuring adherence to international standards and local regulations. Regulatory Compliance Expertise: Adept at navigating and ensuring compliance with various regulatory bodies such as SAUDI ARAMCO, Ministry of Interior (KSA), RCU and other relevant authorities, ensuring all operations meet the necessary legal and industry standards.

Risk Management and Mitigation: Proficient in conducting thorough risk assessments, identifying potential hazards, and implementing effective measures to mitigate health and safety risks in dynamic work environments, including high-risk industries such as Oil & Gas, Power Plants, and Construction.

TECHNICAL QUALIFICATION:

- International Diploma in Occupational Health & Safety Level - 07
- BE / B Tech in Mechanical Engineering from UET Lahore-2004.
- Diploma in Safety & Security Management from IETC Islamabad-2003.
- Diploma in Health Safety & Environment Engineering from AIMMS Islamabad-2013
- OSHA, Construction Safety Course USA Certificate from FTR International-2010
- IOSH Managing Safely Course from Accredited Center 819 Riyadh - 2011
- NEBOSH IGC-3 from Accredited Center 819 Riyadh - 2011
- ISO 9001, Lead Auditor, Quality Management Course - 2024
- ISO 45001 Lead Auditor, Occupational Health and Safety Management System - 2018
- ISO 14001 Environmental Management System Course - 2024
- ISO 50001 Energy Management System Course - 2024

- BOSIET Training Course from ETSDC Abu Dhabi (U.A.E) - 2016
- Medic First Aid International Certificate from Accredited Center 819 Riyadh -2012

TRAINING, CERTIFICATIONS AWARENESS COURSES ATTENDED & APPROVAL:

- ✦ Approved by SAUDI ARAMCO as HSE SPECIALIST Transmittal Ref. No. TPPD/T-316/2016.
- ✦ Approved by Ministry of Interior (KSA) as HSSE MANAGER Letter Ref. No NKY-TW-0011.
- ✦ Infection Prevention and Control (IPC) for Novel Coronavirus (COVID-19).
- ✦ COVID-19: Operational Planning Guidelines and COVID-19 Partners Platform to support country preparedness and response.
- ✦ COVID-19: Tackling the Novel Coronavirus.
- ✦ Let's Break the Chain of COVID-19 Infection
- ✦ ePROTECT Respiratory Infections (EN)
- ✦ Introduction to Go. Data – Field data collection, chains of transmission and contact follow-up.
- ✦ Six Sigma White Belt.
- ✦ Food Safety Management.
- ✦ Managing Mental Health and Stress.
- ✦ First Aid & ABC of CPR (Cardiopulmonary Resuscitation) Course.
- ✦ Confined Space Entry (Train the Trainer) Course.
- ✦ Lockout & Tag out (Train the Trainer) Course.
