

Basel Jaber

Entrepreneur with four years of expertise in bridge building through driving innovation projects and forming strategic partnerships locally and across the MENA region. Proven track record in developing and executing programs, leading cross-functional teams and managing relations with diverse stakeholders. I'm a strategic thinker that aims to maximize business impact through seeing the bigger picture (company goals, industry trends, competition) and translating it into new customer acquisitions and winning partnerships. Passionate about leveraging tech to solve societal and business challenges. Bringing a multicultural perspective and deep understanding of the socio-economic dynamics in the MENA region, with a strong commitment to social impact and economic development.
