SUMMARY

As an SEO expert with over seven years of experience, I pride myself on driving digital success through local SEO, service industry optimization, e-commerce SEO, GEO, and voice search optimization. Managing Digilatics SEO Department, I've steered a top-tier team to achieve a 50-100% increase in organic traffic and 30-45% growth in conversions, expanding our client portfolio from 30 to over 50 projects.

My background includes significant traffic surges at Tosssdown (40-80%), Creative Junction (50%), and GTN Wire (60%), contributing to revenue growth at Fill Craft Digital Marketing Agency. I focus on industry best practices and data-driven strategies to ensure maximum impact for clients.

Collaboration and a client-centric approach are key, allowing me to craft tailored campaigns that align with specific business goals. As a thought leader in the industry, I adapt to emerging trends and technologies, optimizing conversion rates and integrating SEO with other marketing channels. Let's embark on a digital transformation journey together.

WORK EXPERIENCE

Head of SEO Department - Digilatics

06/06/2023 - Present

Key Achievements and Responsibilities:

Team Management & Leadership:

- I've recently been promoted from Team Lead to the Head of the SEO Department. Looking forward to leading the way and driving our strategies to new heights!
- Manage and Lead an SEO team, cultivating a collaborative environment that fosters teamwork and achieves collective objectives.
- Conducting regular team meetings to ensure alignment with SEO objectives, fostering continuous learning and professional development.
- Recruitment and Talent Acquisition:
- Spearheading the recruitment process by conducting interviews and selecting top talents for the SEO team.
- Developed hiring criteria identifying candidates with the essential skills for executing impactful SEO campaigns.

Strategic Planning:

- Formulating and implementing robust SEO strategies focusing on Local SEO and services-based businesses.
- Collaborating seamlessly with cross-functional teams, integrating SEO into overarching marketing strategies.

Local SEO Expertise:

- Specializing in Local SEO tactics, optimizing online presence for regional visibility, and significantly enhancing local search rankings.
- Utilizing geo-targeted keywords and location-based strategies to organically drive traffic.

Performance Analysis:

- Continuously monitoring and analyzing key SEO performance metrics, providing actionable insights for ongoing improvement.
- Implementing data-driven decisions to enhance website visibility and search engine rankings.

Client Collaboration:

- Engaging with clients to thoroughly understand their business goals and align SEO strategies with their objectives.
- Implementing SEO campaigns tailored to services-based businesses, ensuring maximum impact and value.

Training and Development:

- Providing ongoing training and mentorship to the team, ensuring they stay updated on industry trends and best practices.
- Conducting workshops to enhance team members' expertise in the dynamic and evolving Field of SEO.

Competitor Analysis:

- Monitoring and analyzing competitor strategies and market trends.
- Adapting to algorithm changes, emerging technologies, and industry developments.

Technical SEO Expertise:

- Demonstrating proficiency in technical aspects such as website structure, mobile optimization, and schema markup.
- Implementing technical SEO strategies to enhance overall site performance and user experience.

Additional Professional Skills:

- Implementing strategies to improve website conversion rates.
- Seamlessly integrating SEO strategies with other marketing channels.
- Specialized in optimizing e-commerce platforms for improved visibility and online sales.
- Demonstrating the ability to adapt to algorithm changes, industry trends, and emerging technologies.
