PERSONAL INFORMATION

Resident:	Pakistan	Iqama Status:	Transferable
Date of Birth:	01-January-1992	Iqama Profession:	worker
Employment Type:	Full Time	Marital Status:	Married

CARRIER OBJECTIVE

Seeking a challenging career with a progressive organization that provides an opportunity to capitalize my technical skills & abilities.

Skills

- NFTS (Network Financial Tracking System)
- STC Clones
- ISOW (Integrated Scope of Work- ISOW System)
- FUP for Approval Status
- NE Tool
- TFM
- Strong base skills in GIS
- Microsoft office Visio
- STC Hub IGATE
- Proficiency with Microsoft Word, Excel, PowerPoint

PROFESSIONAL SUMMARY

☐ Project Manager in STC Solutions

(November 11,2021 – November 11,2024)

Projects: STC/IPMPLS/IGW/Key Accounts/WIFI/CISCO & JUNIPER

- Responsible to generate Site Accesses through STC iGATE Tool
- Responsible to apply RFC for Data Center activities
- Responsible for planning, Survey and implementation of SOW and coordinating with STCs for material delivery
- Responsible for preparation of Power Approval Document
- Responsible for preparation of SSR (Site Survey Report) of New Installation of Equipment Models ASR9903, ASR9000V for Tawal as well as Power Proposal for the New Equipment.
- Responsible for Design Submission of SOW through Network Engineering Tool
- Responsible for preparation of MOP document as per SOW & BOQ and submission to STC DCC department.
- Responsible to apply TCN for installation, power up, integration, power off, dismantling, link monitoring and link configuration.
- Responsible to arrange installation, power up, integration, PAT, power off, dismantling activities.
- Responsible for arranging team for Installation, Power-up and Node Integration activity
- Responsible for submission of Node Integration through STC NPTS and BPM Portal Tools.
- Responsible for PAT and PAC preparation and submission to STC department for approval.

❑ **Project Manager in Alcatel Lucent (Nokia Solutions AL Saudia)**

Fixed Network (May 21,2019 – November 10,2021)

- Worked as Project Manager for TX DWDM, MDU and OLT Dismantling and Design Projects.
- Designing of 100G & 10G DWDM protected rings for Transmission network (JN & LDN) related to all ALU equipment i.e., 1830 PSS-16, PSS-32, and PSS-64.
- Preparing all the types of designs i.e., New, expansion, re-rerouting and relocations from design preparation till approval.
- Preparation of Rings, signal flow diagrams in VISIO.
- Studying Route and finalizing Rack installation, confirming Slots and channel with concerned teams.
- Having experience to work on multiple ALU Rings i.e., WNR, NR, NBR, NER, CR, ER, SBR, SER and SWR to trace fibers and finalizing designs.
- Monitoring Design activities in CAD tools & Telcordia Network Engineer Tool Application for Structure Models, Structure Units, Floor Plans, Equipment, Chassis and Plug-ins etc.
- Ensured successful and timely designing.
- Create a project management calendar for fulfilling each goal and objective.
- Plan and Design new transmission lines and modifications using transmission procedures, guidelines, standards, sound engineering practices, and sound safety practices.
- Co-operate with network operations engineers and Network rollout teams on issues related transmission network and Network management.

❑ **Huawei Technologies Co. Ltd (ISP_OSP)**

(February 05,2012 – May 18,2019)

Awarded: Letter of Appreciation for the outstanding achievements of Huawei Wireless Network Implementation Project 2016 MW&RF DWO/MOP Engineer from Saudi Arabia Rep Office & STC Key Account

Project Coordinator, LCC KSA (Riyadh)

(February 05,2012 – May 18,2019)

- Worked as, for installation of Core & TX Equipment.
- NE-40, 2500, 3500, 8800T16 & 8800T32.
- Responsible for Applying TCN/MDT for activities.
- Following up for MOP approvals.
- Using NFTS for SOW details and concerned reports.
- Managing all the survey all over the kingdom for Fixed Network.
- Responsible for Floor space Submission for approval.
- Responsible for DC submission for approval.
-

Designing of SDH & DWDM protected rings for Transmission network (JN & LDN) related to all Huawei equipment i.e., OSN1500A/B, OSN3500, OSN9500, OSN1800I/II/V, OSN8800 & OSN9600.

☑ Preparing all the types of designs i.e., New, expansion, re-rerouting, relocations and dismantling from design preparation till approval.

☑ Having experience of complex design (Rings, signal flow diagrams) preparation in AUTOCAD.

☑ Model preparation of all new equipment/Cards and new versions of existing equipment in NE tools in coordination with STC team.

☑ Preparation of new design layouts in coordination with Huawei technical team.

☑ Understanding and updating STC issued SOW with technical team and finalizing for design preparation.

☑ Playing an active role in all stages of SOW implementation from design stage till PAT and site handover to customer.

☑ Planning & implementation of access, junction and long-distance Transmission Networks.

☑ Preparing Low level design for racks and fibers.

☐ MW design:

- Working as Network Designer on 4G6, 4G7-MW/RF & Aspiration project.
- Responsible for NE Design & MOP for Huawei ODU/ANT RTN310, RTN600, RTN 900 & IDUs – ATN 910i, ATN 905, RTN950A, RTN 980 & RTN900 Antennas model equipment's using Telcordia Network Engineer (NE) tool

☐ RF design:

- Working as Network Designer on 5G, Aspiration2019, WBB3 for USF, 4G7- Part1&2, 4G6, 4G5, 4G4, 4G3-RF projects.
- Responsible for designing method of procedures for Huawei DBS5900, BTS3900, BBU3900 and 2G, 3G & 4G Antennas model equipment's using Telcordia Network Engineer (NE) tool / ArcGIS 9.x.

☐ FTTM HU Project

- Worked as Network Designer on HU FTTM project.
- Responsible for designing HUU MDU (HU-MA5894B & HU-MA5698) using Telcordia Network Engineer (NE) tool.

Organizational Skills

- Excellent in Tool learning.
- Strong presentation, communication and decision-making skills and high level of Accuracy
- Excellent Team Player & able to Work in Stress
- Customer management skills on operational level
- Team leadership, Project management, Time management, good interpersonal communication, flexible and persuasive, Stress management, adaptability to various environments

ACADEMIC QUALIFICATION

☐ Diploma of Engineer ,

Institute: Govt technical collage Mingora KPBTE Peshawar, Pakistan-2012.

☐ Higher Secondary School Certificate

Institute: HIRA collage of science matta saidu sharif , pakistan -2009.

☐ Secondary School Certificate

Institute: HIRA secondary school matta saidu sharif , pakistan -2007

• Nebosh Certified.

IGC & Safety institute of England 2022
