SUMMARY

Highly motivated and results-oriented **Sr. Strategic Sourcing Specialist** with **20+ years of experience** in managing all aspects of the procurement process. Proven ability to **secure cost-effective materials, negotiate favorable contracts, and build strong supplier relationships**, contributing to **successful project completion and company growth**.

PROFESSIONAL AND TECHNICAL SKILLS

- Proficient in CRM use and reporting functions
- Extensive experience in purchasing activities, tendering processes, and contract negotiation.
- Skilled in evaluating vendors, establishing relationships, and securing optimal pricing and delivery terms.
- Possesses a strong understanding of cost control strategies and budget management.
- Experienced in supervising teams and ensuring efficient workflow.
- Excellent written and verbal communication skills, adept at collaborating with diverse stakeholders.

WORK EXPERIENCE

Sr. Strategic Sourcing Specialist

Qatar Energy Projects (Al Waha TMC) Doha Qatar | 2012 - 2024

- Successfully managed the arrangement of all material submittals for client approvals, ensuring adherence to project specifications and BOQs, contributing to the smooth execution of projects such as GC111026A0 (Civil and sand removal works at Qatar energy Dukhan).
- Developed and updated work instructions for purchasing and planning areas, enhancing operational efficiency and clarity in roles, notably improving processes for projects like GC13103800 (Call Off Contract for civil works maintenance at QP Refinery - Mesaieed).
- Successfully negotiated and finalized a comprehensive call-off contract for civil works maintenance, rehabilitation, and small construction projects spanning over six years at the QP Refinery in Mesaieed, Qatar, under project GC18101400. This achievement involved meticulous strategic sourcing strategies, rigorous vendor evaluation, and seamless collaboration with internal stakeholders to ensure the longevity and efficiency of refinery operations.
- Established performance metrics for the Purchasing and Planning department, driving team efforts to meet and exceed these metrics consistently, leading to improved performance across projects like GC13105600 (Construction of changing rooms facilities at Qatar energy Dukhan).
- Successfully ensured project milestones and departmental goals were met while adhering to approved budgets, demonstrating fiscal responsibility and project management prowess across endeavors like GC12113300 (Upgrading and Renovation works at Qatar energy Dukhan).
- Managed all purchasing activities and established strategic processes, including vendor selection and contract negotiations, contributing to cost savings and operational excellence in projects like GC141016A0 (ING installations in Dukhan Fields).
- Evaluated purchasing and price trends to identify forecasting demand and minimize costs, implementing cost-saving measures and optimizing procurement strategies across projects like GC14110900 (Construction of changing rooms facilities at Qatar energy Dukhan).
- Collaborated with senior management to set department budgetary limits based on historical data and growth expectations, ensuring fiscal prudence and alignment with company goals, as evidenced in projects like GC161093A0 and GC161093B0 (Provision for Maintenance Services at Mesaieed Industrial City for Qatar Energy).
- Successfully managed call-off contracts for civil works maintenance and small construction projects, ensuring timely execution and adherence to quality standards, as seen in projects like GC18101400 (Call-off Contract for Civil Works Maintenance at Qatar energy).
- Implemented rebate programs and negotiated contracts, resulting in cost savings and favorable terms for the organization, exemplified in projects like QAL – TNL – 0250 (Plant Infrastructure general civil maintenance and scaffolding services for Qatar Aluminium).

Purchasing coordinator

Al Maktab Al Qatari Al Hollandi | 2009 – 2011

- *Enhanced operational efficiency by managing day-to-day procurement operations, fostering a collaborative work environment and facilitating streamlined professional processes, resulting in improved team cohesion and productivity.*
- *Played a pivotal role in supporting project delivery by developing and disseminating procurement strategy documents, ensuring team alignment with overall business objectives, and providing regular progress reports, thereby contributing to the successful execution of projects in line with organizational goals.*
- *Demonstrated proficiency in managing the procurement process from scheduling activities to finalization, including tendering packages, evaluation, negotiation, and documentation production, ensuring strict adherence to procurement policies and regulations, thereby mitigating risks and enhancing compliance.*
- *Proactively monitored supply chain performance and facilitated regular performance reviews with stakeholders, enabling informed decision-making on future collaborations and optimizing value and quality of services, works, and products, thereby driving continuous improvement and excellence in procurement practices.*
- *Cultivated and maintained productive relationships with key stakeholders, fostering engagement and garnering support for procurement strategy implementation, which facilitated smoother communication channels, increased cooperation, and alignment with organizational objectives.*
- *Provided effective supervision and guidance to subordinates within the procurement and commercial function, ensuring efficient execution of tasks in compliance with established policies, processes, and procedures, thereby fostering a culture of accountability, professionalism, and excellence within the team.*

Sourcing Specialist

Seder Group Riyadh, K.S.A. | Project - Riyadh City Cleaning Project | 2007 – 2008

- *Spearheaded strategic sourcing initiatives for the Riyadh City Cleaning Project, resulting in the identification and engagement of reliable suppliers capable of delivering high-quality materials and services on time and within budget, thereby ensuring the seamless execution of the project's objectives.*
- *Implemented cost-saving measures through effective negotiation with vendors and suppliers, achieving significant reductions in procurement expenses without compromising on the project's quality standards or timelines, thereby maximizing cost-efficiency and optimizing resource utilization for the Riyadh City Cleaning Project.*
- *Streamlined procurement processes and procedures, enhancing efficiency and effectiveness in sourcing activities, which led to improved project delivery timelines and minimized risks associated with material shortages or delays, thereby contributing to the overall success and timely completion of the Riyadh City Cleaning Project.*

Sourcing Specialist

Abu Adel Engineering Services, [Mechanical, Electrical & Construction / Qatar Sewage Plant] | 2004 – 2006

- *Supported department with materials tracking, daily reports, scheduling, cost control, change-order tracking, vendor and subcontractor tracking, client billing, and pay invoices.*
- *Met work standards by following productivity, quality, and customer-service standards, resolving operational problems; identifying work process improvements as per the requirements.*
